

QUICKSILVER® CAPTUR

Make it happen.

Pilothouse - the freedom to fish.

Whether you're after space and comfort for a social weekend away, or the practical touch of a live bait well equipped with seawater circulation, the Pilothouse is flexible enough to deliver just what you need.

Furthermore, all that practical ability is underpinned by the kind of structural integrity that will give you lasting enjoyment. Combined with a choice of powerful, reliable engines, a Pilothouse offers real peace of mind. **Life is now.**

serious fun for serious fishermen.

The Arvor range – the natural choice for fishing.

Arvor boats are inboard boats. Diesel powered, they carry engines with higher displacement and the latest automotive technology to provide the power and dependability you need.

There's more space and fishing access aft, true trolling ability, and a propeller nicely tucked away under the boat. And, every time you refuel, a reminder that this is one investment that will pay you back handsomely. The Arvor range. Built for fishing. Built for you. **Life is now.**
