# The very best in engine power

Every Quicksilver boat comes with a Mercury or Mariner outboard or a sterndrive from Mercury MerCruiser. These are market-leading outboards and sterndrives from the world's largest pleasure boat engines group, Mercury Marine.

Depending on the boat model you choose, the power package can be a four-stroke, two-stroke or OptiMax direct-injection outboard, or a petrol or diesel Mercury MerCruiser with Alpha or Bravo drive.

You'll have the very best and most up-to-the-minute engine power to take your boat out to enjoy the delights of the water.

Mercury Marine continuously explores means to improve the products it designs, manufactures and distributes. Changes to the specifications of its engines, boats and accessories are ongoing. Every effort is made to produce sales and service literature which is current. This brochure should not be regarded as a precise guide to the latest specifications. This brochure is also not an offer for sales of any particular engine, boat, or accessory. Distributors and dealers are not agents of Mercury Marine and they have no authority to bind Mercury Marine by any express undertaking or representation, including but not limited to representations of a product, sales, applications, or service nature.

Not all boats are available in all countries. Some boats shown in this catalogue are equipped with optional accessories. Please see with your local dealer.
