Model	9.9	8
Kilowatts	7.4 kW	6.0 kW
Max RPM at Full Throttle	5000-6000	5000-6000
Cylinders	2	2
Displacement	209 cc	209 cc
Bore/Stroke	55 mm x 44 mm	55 mm x 44 mm
Cooling System	Water-cooled w/ thermostat	Water-cooled w/ thermostat
Ignition	CDI Electronic Advance	CDI Electronic Advance
Starting	Manual or Electric	Manual or Electric
Gear Ratio	2.08:1	2.08:1
Gear Shift	F - N - R	F - N - R
Steering	Tiller or Remote	Tiller
Alternator System	6 amp (76 watt)	6 amp (76 watt)
Trim Positions	3 + shallow water drive	3 + shallow water drive
Fuel Tank	Standard	Standard
Dry Weight ¹	38.1 kg	38.1 kg
Recommended Boat Transom Height	Short 381 mm Long 508 mm	Short 381 mm Long 508 mm
Induction System	2-valve SOHC	2-valve SOHC
Exhaust	Through prop	Through prop
Warning System	Low Oil Pressure & RPM Reduction	Low Oil Pressure & RPM Reduction

1. Dry weight specification is for lightest version model and excludes engine oil, rigging, hardware and propeller.

Mercury 9.9HP • 8HP

Lighter Load

Weighing in at just 38.1kg, among the lightest around, they're designed for easy handling. A cut away area in the lower cowl makes lifting easier and safer.

Goes Further

Taking you further on a tank of fuel, with outstanding efficiency.

Runs Cleaner

Already exceeding the EPA's emission standards for year 2006.

Stays Quieter

Low-noise combustion process plus special sound-dampening cowls.

More Convenient

Longer tiller handle with built-in shift, tilt-up lock position and tilt-down mechanism, shallow water drive, first-pull starting.

Stronger

Durable gearcase and transom assembly passes Mercury's rigorous log strike test.

For generations, Mercury has been going to extremes to make sure that its four-stroke technology is the very best for boating.

The 9.9 and 8 four-strokes provide fast warm-up and a fuel enriching system together with a fuel primer, manual choke and a throttle only button, which allows throttle advance in neutral, without shifting. No mixing of oil and petrol, quiet cruising, smooth power, clean running, great trolling, renowned reliability and remarkable fuel efficiency.

So enjoy those extra Mercury pleasures - extra value, extra dependability and extra convenience - which add up to the best in four-stroke technology.

Mercury Has The Power To Move You
