

**SHEER BOATING PLEASURE**

[www.marinepower.com](http://www.marinepower.com)  
2005

## **MADE IN SWEDEN**

You'll see them everywhere – at piers, in bays, on lakes and at sea. Over 80,000 boats have been built to date and the fleet is growing every year as more and more people discover this top-quality vessel, "Made in Sweden". Fishermen (professionals and amateurs alike), families, sport divers, water-skiers and nature-lovers... There is an Uttern for everyone.

## **YOU CAN TELL BY THE WAY THEY MOVE THROUGH THE WATER**

The models all have one thing in common and that is their seaworthiness. If you are someone who likes to sit safely on board when there is a swell running, then Uttern is your safest choice. Stability combined with a smooth ride have become a trademark of Uttern boats.

Uttern means modern design developed hand in hand with practical functionality. The result speaks for itself – just as pleasing to look at as it is to handle. Integrated solutions, innovative thinking, quality and comfort: these are some of the terms that have been used to explain the success of Uttern. We simply call it BOATING PLEASURE.

## **EQUIPPED IN EVERY DETAIL**

What other boats offer as optional extras comes as standard in an Uttern. Mooring equipment, for example, is included in all our models. Whatever you choose to compare it with, the level of equipment in an Uttern is matched only by its quality.

The Uttern standard is the Exclusive version. It comes with a navy-blue hull, a teak laminate floor, a carbon-fibre instrument panel, a compass and white-dial instruments.

## **POWERED BY MERCURY AND MARINER**

Only the finest machinery is good enough for a boat of the calibre of an Uttern. The combination of Uttern and a motor from Mercury Marine – the world's largest manufacturer of marine engines – offers the best possible value for your money. You get fuel-efficient propulsion that not only takes you further on each tankful but also guarantees a quiet, smooth and safe ride.

Depending on which Uttern model you choose, your boat will be equipped either with a Mercury, Mariner or Mercury MerCruiser sterndrive. There are four-stroke engines ranging from 4 hp up to 275 hp. OptiMax two-strokes, which are particularly environmentally friendly and fuel-efficient, are available from 75 hp up to 250 hp. All Mariner and Mercury 30 - 60 hp four-stroke engines have electronic fuel injection and can now additionally be equipped with onboard computers that display rpm, fuel consumption, battery voltage and much more.

## S66 *Exclusive*

**NEW MODELS!**

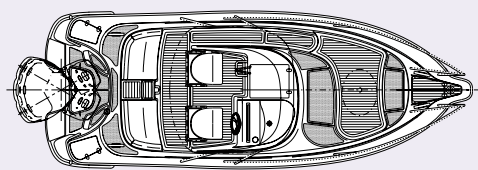

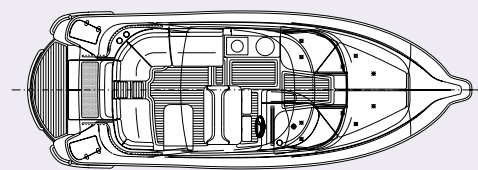

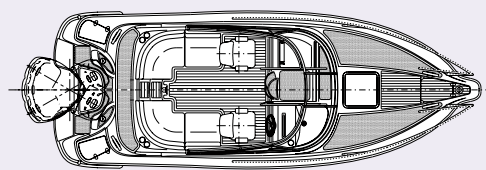

D66

C66

S66

A new generation of Uttern boats is born! It gives us great pleasure to unveil the new Uttern family. The newly developed hull from the accomplished boat-builder and designer Håkan Södergren provides the platform for the three new models. Whether it is the D66 you opt for, or the C66 or S66, what you get is extraordinary performance. In terms of comfort, speed and fuel economy, they are in a class of their own. And we would also venture to say that these models set a new standard for boats of this size.

Safety has traditionally always been high on our list of priorities and these models will disappoint no one. High freeboards and sturdy stainless-steel pulpits mean that you can move around the whole boat in comfort and safety – a particularly useful feature for smaller members of the family.

And of course you can also benefit from the Mercury Verado with these models as the D66 and S66 are both built for outboards. The Verado version incorporates a very exciting piece of technology which will be new to the majority of boat-owners – a boat-and-engine combination that is truly out of the ordinary. And, of course, you can also opt to have OptiMax engines fitted in these boats.

Uttern C66 is available with two variants of the MerCruiser sterndrive. You can either choose the tried-and-tested 135 hp MCM 3.0, or there is the modern, 116 hp turbo-diesel CMD 120.

We look forward to seeing you at the spring boat shows, where you can view and experience the new generation of Uttern boats.

# D68

## IN A CLASS OF ITS OWN

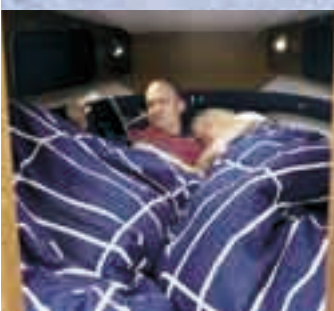

Go ahead and take a closer look. The pride of our Day Cruiser fleet has turned many a head. Stunning lines and splendid performance make the D68 a feast for the eye and a pleasure to drive. And the ingenious hull design ensures steady cruising even in choppy waters.

Uttern D68 is safety itself, inside and out. The foredeck has an extended bow, lined with sturdy stainless-steel handrails which make it easy to get aboard. Bow- and searchlights provide added safety after sundown.

Beneath the foredeck is a cabin with a comfortable double berth and practical storage lockers. Comfort features such as a refrigerator, an Origo stove and a sink with galley pump are, naturally, standard.

The stern is roomy and features an integrated swim platform with a ladder for when you need a refreshing dip in the water.

Uttern D68 is available with either a V6 220 hp Mercury MerCruiser MPI petrol engine or with a 116 hp Mercury MerCruiser DTI diesel engine.

## TRAVEL FIRST CLASS

Want to go boating feeling like a VIP? Take a test-run in the Uttern D55 – one of the most popular day cruisers on the market. Built for high comfort – even at high speeds – and with plenty of room for five people. Thanks to the hull's unique bottom design you get a smooth, stable ride and lots of driving pleasure. Better still, you sit in comfortable swivel chairs within easy reach of folding teak tables. The boat has elegant lines and is superbly equipped. The canopy is easily stored in a special concealed compartment beneath a hatch in the stern and the water skis or fishing rods in the long storage locker in the floor. Plus hydraulic steering for maximum driving pleasure.

Uttern D55 is available in the Exclusive version and can be fitted with an OptiMax engine.

With the new season at hand, we can also supply this model with a MerCruiser sterndrive in two different variants: the tried-and-tested 135 hp MCM 3.0 or the modern, 116 hp turbo-diesel CMD 120.

# D51

SPORT IN ALL WEATHER

Uttern D51 is a day-boat with sporty characteristics and a hull that is designed for easy handling. It is fast, responsive and ideal for water-skiing or wakeboarding. An excellent choice for first-time boaters.

The self-bailing cockpit comfortably seats five people, well protected from the elements. In case of a shower, the canopy (stored out of sight in the stern) is easy to deploy. Beneath the foredeck there is a cuddy that will keep two people warm and dry and also doubles as perfect storage for equipment.

D51 Specifications

Beam (m)	1.85 m
Number of people	5
Maximum power (hp)	90

C68

SETTING COURSE FOR NEW ADVENTURES

This is the complete weekend boat. Ideal for long expeditions or short excursions, Uttern C68 cruises at speeds of 15-20 knots and reaches 30 - 35 knots at full throttle (depending on your choice of engine). Power-assisted steering makes for a first-class driving environment. Cabin heater, searchlight, swim platform with ladder and anchor locker – all are standard equipment. The cabin has overnight sleeping berths and a large hatch in the foredeck that makes it easy to get in and out of the boat. Moving around onboard is safe thanks to the grab rails on the cabin roof and along the sides, while the foredeck, with its extended bow, is fitted with sturdy guardrails. You can sit comfortably in the spacious aft seat, where there’s also a convenient folding teak table.

For mealtimes, the galley in the cabin has a dual-flame Origo stove, lockers, refrigerator, sink with running fresh water and galley pump, and there is also a roomy dinette.

Uttern C68 is available either with a V6 220 hp Mercury MerCruiser MPI petrol engine or with a 116 hp CMD 120 DTI turbo-diesel engine.

# C56

## A CLASSIC UTTERN

Uttern C56 is an enhanced version of the classic Uttern mid-cabin model. If you know what you need when you're out at sea, you need look no further. Uttern C56 has much to offer, including ample freedom of movement. This is a stable utility boat with excellent seaworthiness. Suitable for most activities (e.g. trolling, net-fishing, water-skiing and diving).

You are well protected from the wind in the cabin, where the helm is located aft of amidships. There's a soft-top in the roof that you can open and close in no time at all. It has a self-bailing deck and a drained anchor locker beneath the aft hatch. Lockers have slanting bulkheads that provide extra space for the feet and there are also practical lockers along the sides. The driver's seat is swivel-mounted, which is very practical when trolling, and it is easy to attach your fishing rods to the stainless-steel aft pushpit. Space is provided for the battery and two fuel tanks under the aft seat and there is also room for a spare fuel tank in the forward locker. You can also row the C56 from the forward bench seat.

C56 Specifications	
Length (m)	5.62
Beam (m)	2.05
Number of people	5
Maximum power (hp)	60

# S64

## THE BOAT OF YOUR DREAMS

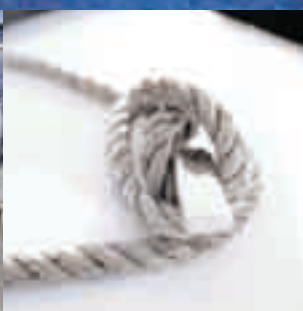

This boat has everything you could dream of. You get the freedom and ease-of-use of a boat with a steering console. And the added benefit of two people being able to spend the night in the berth underneath. Do we need to add that Uttern S64 has become one of the most sought-after boats on the market? It has impressive running characteristics, even in rough seas.

In the bow there is seating and a table for the whole family to gather around, while the stern offers a roomy, four-seater sofa. The boat has many well thought-out details such as exceptionally sturdy stainless steel grab rails and a teak-decked, stainless steel swim platform with a swim and rescue ladder.

Uttern S64 is available only in the Exclusive version.

S64 Specifications	
Length (m)	6.38
Beam (m)	2.51
Number of people	7
Maximum power (hp)	220 (mpi)/116 (dti)

# S55

**IT HAS EVERYTHING**

Whatever it is that you want to do at sea, the new S55 will serve you well in all weathers. We have used the tried-and-tested hull, also found in the D55 and T55 models, as a platform for this fantastic boat. Optimum use of space in the boat provides ample seating and plenty of stowage room, making this boat ideal for both work and pleasure. High freeboard and sturdy stainless-steel pulpits make for a high level of safety and comfort – and hydraulic steering helps to increase the comfort still further. The new Uttern S55 is available in the Exclusive version and, should you wish to avail yourself of the latest sea-going technology, you can also choose the OptiMax version.

With the new season at hand, we can also supply this model with a MerCruiser sterndrive in two different engine variants: the tried-and-tested 135 hp MCM 3.0 and the modern, 116 hp turbo-diesel CMD 120.

S55 Specifications	
Length (m)	5.55

Maximum power (hp)	135

S52

ALL-WEATHER FAVOURITE

The Uttern S52 is best described as mildly addictive. Once you have been at the helm, it's hard to kick the habit. This, as you will understand, is one of our bestsellers. A mid-size boat with plenty to offer for the money, its exceptional seaworthiness means it is equally at home in coastal waters or on the lake. The S52 is comfortable to drive, with a deck layout that makes it easy to move around onboard.

If trolling is your sport, you can simply remove the aft sofa to make more space for handling your rods and tackle.

The Uttern S52 is available in the Exclusive version. If you would like to have extra comfort and use the latest technology, you can choose the OptiMax version of the S52.

S52 Specifications	
Length (m)	5.18
Beam (m)	2.13
Number of people	5
Maximum power (hp)	75

# S46

## SITTING PRETTY

This is without doubt one of Uttern's top-selling models. The S46 is a console boat that caters for all interests and applications. Not only does it feel equally at home on the lake as it does out on the open bay, but it provides you with a "big boat" feeling in the bargain.

The centrally located helm has a console-mounted remote control. The seating is comfortable and there's plenty of storage space, even for paddles or water skis. And it's easy to tow on a trailer.

Available in the exclusive version.

S46 Specifications	
Length (m)	4.58
Beam (m)	1.82
Number of people	5
Maximum power (hp)	50

# T55

## DESTINED FOR SUCCESS

Uttern T55 was an instant success upon its initial launch and it seems set for a bright future since it is based on the highly successful Uttern D55. It has the same technically advanced hull, while the deck has been given an exciting new design. Equally suitable for water sports or long excursions in coastal waters, this splendid boat practically hugs the waves when you open up the throttle.

At Uttern, when we talk about attractive design we also mean smart, practical features. Such as a storage hatch in the floor that is ideal for water skis or fishing rods, twin folding teak tables and glorious, robust swivel seats. Sturdy grab rails provide a high level of safety and make it easy to get in and out of the boat. This model is equipped with hydraulic steering to further enhance your safety and comfort.

Uttern T55 is available in the Exclusive version and can be fitted with an OptiMax engine.

With the new season at hand, we can also supply this model with a MerCruiser sterndrive in two different engine variants: the tried-and-tested 135 hp MCM 3.0 and the modern, 116 hp turbo-diesel CMD 120.

T55 Specifications	
Length (m)	5.55
Beam (m)	2.20

Maximum power (hp)	135

# A56

THE PROFESSIONALS' FAVOURITE

The absolute favourite of the professionals! Set a course for your destination, whatever the weather and water conditions. Uttern A56 is a rugged utility boat designed for outboards from 30 to 60 hp. Suitable for trolling, net-fishing and transportation.

The boat is built on a newly developed hull with outstanding running characteristics. The interior is full of practical features designed to lighten your workload when onboard. There's a self-bailing deck with plenty of unobstructed floor space. Lockers with slanting bulkheads provide extra space for your feet and there are also practical lockers/access steps along the sides. The steering console has ample space for instruments, a protective wraparound windscreen and a tough, stainless frame fitted with a navigation light. The comfortable driver's seat is swivel-mounted, which is useful when trolling. There are also stainless-steel aft pulpits with provision for rod holders. When you open the aft hatch you will find a drained anchor locker and under the aft seat there is space for a battery and two fuel tanks. There is room for the spare fuel tank in the forward locker too. You can also row the Uttern A56 from the forward seat.

A56 Specifications	
Length (m)	5.62
Beam (m)	2.04

Maximum power (hp)	60

# A51-A46

**A CLASSIC IN THE MAKING – EASY TO ANCHOR**

Uttern A51 offers total versatility. An all-round boat with impressive performance. Ideal if you have a range of activities in mind – fishing, transport, sport diving, water-skiing, bathing excursions, etc. This is, without exaggeration, a classic in the making. It was launched last year and is already considered a milestone among modern utility boats.

The A51's hull moves smoothly and safely through the water and despite its size can be rowed from the forward seat. Lockers have slanting bulkheads that provide extra floorspace and ample room for manoeuvre. Seating for five people, stowage space along the inside of the cockpit. There is a drained anchor locker in the stern and storage space to accommodate two portable fuel tanks. The locker in the bow also has space for a spare fuel tank.

The A46 is built in the finest Uttern traditions, with a sturdy steering console and windscreen. The boat features a wide clinker-built hull, high freeboard and a solid keel for extra stability. Ample loading space with dry storage lockers in the aft and mid bench-seats. The deck is self-bailing. You can cover long distances with Uttern A46 and moor almost everywhere. On top of that, it functions equally well as a rowing boat.

This brochure is also not an offer for sales of any particular engine, boat, or accessory. Distributors and dealers are not agents of Mercury Marine and they have no authority to bind Mercury Marine by any express undertaking or representation, including but not limited to representations of a product, sales, applications, or service nature.

Not all boats are available in all countries. Some boats shown in this catalogue are equipped with optional accessories. Please see with your local dealer.
