INFLATABLES 2007

QUICKSILVER®

www.marinepower.com

Portable Affordable Fun

Enjoy portable, affordable fun on the water with a splendid new Quicksilver® inflatable. This is go-anywhere fun for the whole family. Lightweight portability, quick to set up, easy to operate, fitted with the best outboard power around and reassuringly safe and stable. Boats packed with boating benefits.

Looking for a RIB?
Ask your dealer about Valiant®
Rigid Inflatable Boats.

Quicksilver inflatables for affordable fun on the water

Quicksilver is one of the largest inflatable boat companies in the world and part of Mercury Marine, global leader in pleasure boat propulsion, parts, accessories and many more things boating. Mercury Marine has been setting the standards for well over 60 years.

For 2007MY, Quicksilver innovates in the XS-Duty™ family. The 380, 430 and 530 XS-Duty models are now all available in dark green – a colour specially appreciated by hunters and fishers.

Whatever your boating needs, whether you're taking a picnic out on the lake, exploring a new coastline or needing a tender to get ashore, there's a robust, economical Quicksilver for you.

If you're looking for a rigid inflatable, ask your dealer about Valiant RIBs, designed and built to exacting standards for pleasure and commercial use. Valiant is also part of the Mercury Marine family.

QUICKSILVER®
INFLATABLES

Quicksilver Inflatables... boats that fit your lifestyle!

Quicksilver Inflatables are now the ultimate in small boats! They're easy on storage space, easy to transport and launch, and very easy on the pocket. As a ship-to-shore craft, or as a go-anywhere boat in its own right, a Quicksilver Inflatable boat makes a whole lot of sense.

Tough and longer lasting, Quicksilver inflatables use extra strong European-made fabric (Duratex® HD). A choice of super durable materials... Duratex HD or Hypalon® XD

270, 310 and 340 models feature a combined oar retainer and rope holder for an elegant and cleaner look. Swim platform-mounted davits are easier to install too

*All Duratex HD models feature marine ply seats
All Hypalon XD models feature aluminium seats*

Stainless steel towing holes are now included in transoms for skiing, wakeboarding or towing tubes

ABS-coated transoms protect against cracking & decay

NEW for 2007! *Inside operable one-way water drain
With the inside drain valve, there is no more hanging overboard and fumbling around behind the transom with the engine blocking your way. You stay clean and dry inside the boat when you operate the drain*

Lifting handles

All Quicksilver inflatables are equipped with spray shields to help eliminate backwash and protect you from water thrown up by the propeller

QuickLift® end cones allow you to plane the boat faster. They are especially designed for four-stroke engines

*5 Year Duratex HD limited warranty
10 Year Hypalon XD limited warranty*

*AIR DECK™ and Sport floor models
provide greater rigidity
and performance*

*Fold-down rowlocks are stored
on the outside of the tube*

*Larger boats have two seat positions
or are pre-equipped to take an
optional second seat*

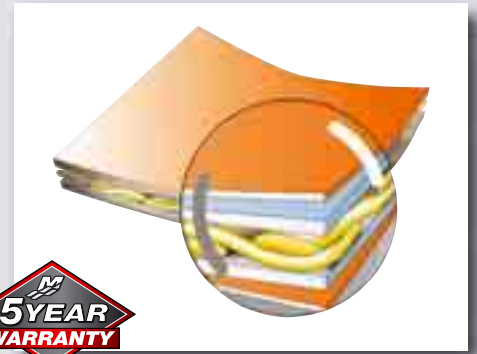

DURATEX HD range

The Duratex HD range of models feature a heavy-duty long-life fabric, which offers excellent resistance to cuts, abrasions and normal wear & tear.

Duratex HD is used around the world for many different products where toughness, a long working life, and resistance to heavy-duty wear & tear are demanded.

The special grade of tightly woven and layered Duratex HD material used in Quicksilver Inflatable Boats, ensure that these inflatables are lightweight, portable and easy to store. Their tough and durable construction means you can carry people and gear with confidence.

A Quicksilver Inflatable made with Duratex HD will give you years of trouble-free operation and pure boating enjoyment!

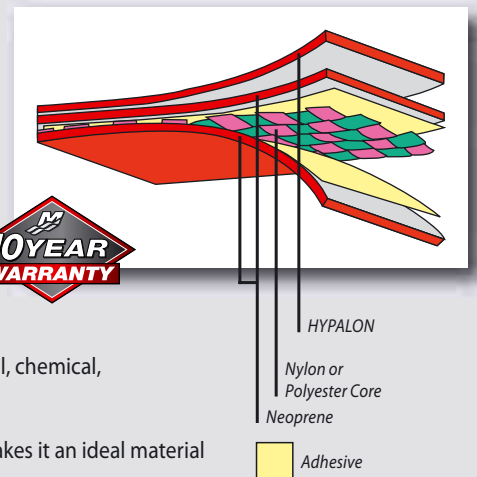

HYPALON XD range

Our Hypalon XD range features a premium quality, extra-heavy-duty fabric, which offers superior performance in most extreme conditions... including resistance to abrasion, hydrocarbons, ultra-violet light, and fading. Hypalon XD is a coating which goes over a super-tough synthetic fabric and an inner layer of Neoprene.

Extensive testing has shown that Hypalon XD outperforms other materials such as PVC in abrasion, oil, petrol, chemical, and weather resistance.

Its extreme resilience...plus its lightness and toughness, makes it an ideal material for inflatable boats used in the most demanding environments.

Other Quicksilver benefits include:

- Transoms are designed to take the weight of 4-stroke engines
- All AIR DECK, Sport and Heavy-Duty models have an inflatable keel under the floor for better performance
- There are multiple air chambers for reliable buoyancy and extra safety
- Keel protection wear strip helps to protect the fabric against abrasion when beaching
- The floors of the Sport and AIR DECK models are easily interchangeable thanks to Quicksilver's unique transom cleat

Roll Out The Enjoyment

240 RU HYPALON

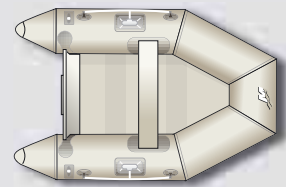

These economical lightweight dinghies are perfect for quick ship-to-shore trips. And Quicksilver Roll-Up models are easy to set up and pack up.

They're compact for storage on your boat or back at home. With slatted floorboards these tough little inflatables make excellent tenders and there is a new, improved rowing position. Perfect For Short Trips Or The Long Haul.

- Superbly tough to carry people and gear with ease and there is an ergonomically designed rowing position
- Safe and sure with two separate internal air chambers
- ABS coated plywood transom with engine pad and plate for your outboard and standard transom cap to avoid knocks when rigging the boat
- Double action hand pump and seat are standard equipment
- Includes carrying bag and repair kit
- Every boat is backed with a 5-year limited fabric and seam warranty
- The 240 RU is also available in Hypalon. This fabric is significantly more resistant to high UV exposure and benefits from a 10-year fabric warranty

310 SPORT

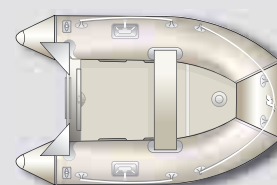

Quicksilver Sport inflatables with their Euro-style tubes for greater floor space are big enough to haul lots of people and gear yet compact and easy to carry. This is economical boating at its best.

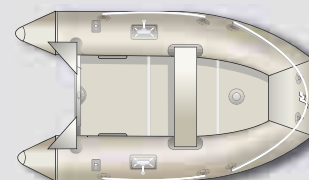

Their low centre of gravity makes them ideal craft for all-around family boating. From short trips to on-water adventures, you can always rely on Quicksilver inflatables to provide fun on the water. **More Of Everything.**

- Spray shield helps keep passengers and gear dry
- Strong wooden floor will stand up to years of use
- The security of 4 separate internal air chambers (3 + keel)
- Double action hand pump is just one of the many standard accessories
- Best quality Halkey-Roberts® valves
- Every boat is backed with a 5-year limited fabric and seam warranty

ATTRACTIVE
EUROPEAN
STYLING BRINGS
A DISTINCTIVE
LOOK

With attractive European styling, these deluxe Quicksilver tenders weigh in around 25% lighter than comparable wooden floor inflatables. There are no loose parts to assemble and AIR DECKs are an absolute breeze to carry.

All four models of the AIR DECK family are available in two colour schemes! These versatile boats replace traditional wooden floorboards with a high-pressure inflatable floor. They are incredibly light and roomy. **Lightening Your Load.**

The 270EA is also available in Hypalon. This fabric is significantly more resistant to high UV exposure and benefits from a 10-year fabric warranty.

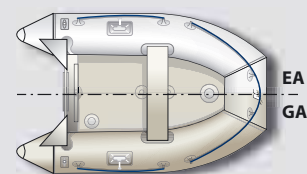

- Great value and longer lasting through its heavy-duty fabric and tight-weave nonstretch polyester core, as used on all Quicksilver inflatable boats
- Designed for more interior room for you and your passengers
- The convenience of a one-way drain valve with plug (available on complete Quicksilver inflatable range)
- Just in case, a repair kit in waterproof container comes as standard (available on complete Quicksilver inflatable range)
- Every boat is backed with a 5-year limited fabric and seam warranty
- Classic and elegant look for the GA's (Grey AIR DECKs): soil resistant grey tubes with blue highlights

430 HEAVY-DUTY XS

NEW!
XS-DUTY
MODELS NOW
ALSO AVAILABLE
IN DARK
GREEN!

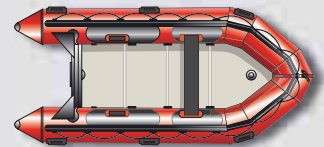

Quicksilver's heavy-duty inflatables are ideal for boating applications where a little more space and strength are required.

These boats are perfect for scuba diving and rescue teams, for instance, carrying up to eleven people. And divers love the soft tubes and low freeboard that make them easy to roll off and reboard, even in rough water.

For the most demanding applications, the XS-Duty 380, 430 and now also 530 models feature aluminium/composite floorboard systems. Tougher than ever and ready to take a beating in almost any condition. **For Whatever You Need.**

- Transoms are protected by a heavy-duty ABS laminate making them durable and long lasting
- On the 530 XS-Duty, the transom is braced with stainless steel struts / turnbuckles to take the extra weight and thrust of a larger engine
- Tough and abrasion resistant with reinforced heavy-duty fabric and additional double-layer, non skid, wear pads
- Further strength from heavy duty aluminium-framed floorboards
- Ease of transport and launching aided by seven external carrying handles and hogging strips all around
- Extra resistance with Duratex fabric, an extremely robust material for severe conditions
- The 430 HD can take up to 30HP Mercury® or Mariner®; the 530 XS can take up to 50HP
- Duratex ensures maximum durability, resists to high temperature, moisture and dirt. Your Quicksilver will last longer!

QUICKSILVER®
INFLATABLES

STORAGE & SEATING

Bow Dodger / Bag Kit

Easy to fit, water-repellant Cordura® nylon bag closes with a non-corroding nylon zipper and hangs under the dodger.

62-808646A2

Underseat Storage Bag

Durable, colour co-ordinated storage bag made from Cordura nylon. Fits all Quicksilver inflatables except 200 and 240 models.

62-808647T

Igloo Ice Chests & Refrigerators

Igloo products are designed to provide worry-free protection for food and beverages on your boat.

See *Boating Accessories Guide* for full offering and part numbers.

Adjustable Storage Seat With Cushion

The padded storage seat adjusts easily for use on 240 to 340 models. Easy to install and remove, size 25 cm high x 46 cm deep x 69-84 cm wide.

62-809541A1

White Vinyl Bench Seat With Attaching Hardware

Fold-back cushion seat, 66cm wide, with aluminium base and attaching hardware. Fits Quicksilver 270 and larger Sport and Heavy-Duty models.

62-827658A1

White Vinyl Seat Cushion

This foam-filled vinyl cushion fits the rowing seat. It includes six snap-on attachments.

62-809773 (30" - for 230, 240)
 62-809773 1 (34" - for 270 - 340)
 62-809773 2 (40" - for 380)
 62-809773 3 (44" - for 430)

AIR PUMPS

Bravo Automatic Inflator & Deflator

Works off a car battery to provide you with up to 300mb of pressure. Auto shutoff prevents over-pressure. Supplied complete with universal adaptors, including valve and battery connectors.

62-803905 (12v) 62-809685 4 (adapter set)

Features an automatic shutoff when pressure reaches 200 mb, with manual override for additional pressure if needed.

62-877364 (220v) 62-809685 4 (adapter set)

QS Double Action Air Pump

An easy-to-use, hand pump that's much faster than a standard foot pump. Either use single action, which pumps when pushing, or double action, which pumps when pushing and pulling. QS, HR and Valiant adaptors and pressure gauge are also included.

62-889345Q01
 62-889347 (3 adapter set)

Valve Fill Adapters Halkey-Roberts

62-809685 fits old-style valve 19 mm
 62-809685 1 fits old-style valve 14 mm
 62-809685 2 fits new-style valve 19 mm
 62-809685 3 universal

Quicksilver

62-859044A1 fits 200 RU & 240RU (2001 models and later)

COVERS

BOAT COVERS

Keep your boat clean and protect it from the sun and rain. Makes your boat last longer. Boat covers are now available for all Quicksilver models.

67-895459 (200RU)	67-895463 (310 S/EA)
67-895460 (240RU)	67-895464 (340 S/EA)
67-895461 (240 S/EA)	67-895465 (380 HD)
67-895462 (270 S/EA)	67-895466 (430 HD)

FUEL TANK

Fuel Tank Hold-Down Kit

Made with polypropylene strapping for superior strength. Quick-release buckles simplify replacement of the tank (Fuel tank not included).

62-809610

ENGINE

Spray Deflector

Helps prevent spray from entering your boat. Easy to install.

62-809728A1

Easy Lift Motortote

Fitting outboard engines up to 15HP (11.2kW) and able to be left in place permanently, this is a secure handle for raising and lowering the engine.

62-809630

Hydrofoil Stabiliser Kit

For Mercury and Mariner outboards 6–25HP (4.5–18.4kW) and designed to enhance performance by quicker planing and better acceleration.

62-808657A1

Smart Tabs

Smart tabs are completely automatic requiring no operator adjustment while underway. The nitrogen Gas Actuator provides LIFT at the stern of the boat by holding the trim plate down during acceleration. The amount of LIFT is determined by the actuator load rating and the trim plate adjustment, which is done at the time of installation.

See *Boating Accessories Guide* for full offering and part numbers.

LIGHTING

Clamp-On Stern Light

Attwood® 61cm high all-around light for inflatables and other small craft which do not have permanently mounted navigation lights.

67-808768

Combination Bow Light

Battery-operated Attwood bow light with attachment base, designed for inflatables or other surfaces where screws cannot be used.

67-808766

MOORING

Inflatable Boat Anchor

Designed specifically for safe and easy use with inflatable boats. A mushroom anchor in a choice of three weights, coated in black plastisol.

67-831431 (3.6 kg)

67-831432 (4.5 kg)

67-831434 (6.8 kg)

Anchor Line

Three-strand polyester with thimble (40 m).

67-882918 (Ø 10 mm)

67-882919 (Ø 12 mm)

TRAILERING

Dinghy Dolly Launching Wheels

Wheels roll easily over firm surfaces and tuck out of the way once the boat is out of the water. For all Quicksilver inflatables.

62-808606A1

REPAIR ACCESSORIES

Attachments

All attachments of your boat are available separately and can be fitted to meet your personal needs.

See *Accessories Guide* for full offering & partnumbers.

PVC Repair Kit

Contains two grey fabric patches and one tube of cement in a waterproof plastic canister.

92-893902

Valve Key

62-896317

WATERSPORT

Ski Vests & Life Jackets

Vest with closed sides, CE approved 50N CE 95 EN 393, coated nylon shell and soft foam. CE-approved 100N life jacket, CE EN 395.

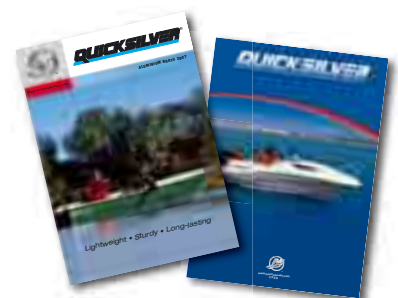

See your dealer for full offering and part numbers.

Water Toys

High quality, durable skis, wakeboard and tube, including "wide body" water skis for low horsepower use, offering you new ways to enjoy yourself.

See your dealer for full offering and part numbers.

For Every Kind Of Boating Fun

Quicksilver also offers a wide range of high quality fibreglass-hulled boats, from runabouts to fishing craft to sportsboats to cruisers.

Or choose one of Quicksilver's aluminium boats. They are lightweight, sturdy and long-lasting.

The Very Best Outboard Power

The perfect power for every Quicksilver inflatable is a reliable Mercury or Mariner outboard. Every Quicksilver boat dealer is fully qualified and equipped to maintain your Mercury or Mariner engine in tip-top condition at all times.
