**VALIANT**  
RIGID INFLATABLE BOATS

# VALIANT

# THE VALIANT ADVANTAGE

*Safe, stable, light, fast, fuel-efficient boats that are easy to transport, with multi-chamber tubes serving as shock absorbers*

You are probably already aware of the multiple advantages of a rigid bottom inflatable boat compared to exclusively fiberglass or aluminum craft. Reduced weight means improved fuel economy. Inflatable tubes provide superior lateral stability and shock absorption in rough seas and tight maneuvering. They are more forgiving, less susceptible to impact damage and easier on equipment and crew. But let's take a minute to explore why Valiant is the only logical inflatable of choice.

## Built to Last

Each Valiant model is painstakingly engineered to ensure optimum performance. Our highly skilled technical staff applies the most advanced CAD/CAM technology throughout design, planning and development. Valiant's manufacturing process is designed to produce boats with consistent and uniform quality which is why we offer one of the **strongest warranties in the industry**— five years covering our durable PVC tube materials and **10 years on Valiant's exclusive AKRON® tube material**.

## Sports Series Material

Valiant boats feature extremely durable PVC material, designed specifically for inflatable craft for recreational use. The manufacturer, MEHLER Technologies of Germany, has more than 40 years experience in the manufacturing of reinforced high performance materials for the RIB industry.

## Professional series material

Developed exclusively for Valiant, AKRON® polyurethane tube material was originally developed for use in our professional, military and rescue craft. Now optional on our Vanguard series recreational models, the main characteristics of AKRON include excellent resistance to abrasion (**five times greater than that of Neoprene / Hypalon**), a high tolerance to pollution and damaging U.V. rays and superior impact resistance. **AKRON tube material features a 10-year warranty.**

## THERMOWELDING®

Our THERMOWELDING® process combines fusion with calendaring under high pressure to assemble the different parts of the tubes in conjunction with internal and external seam reinforcements; this combination ensures the strength of the weld surpasses the strength of the actual material.

## VITECH®

Valiant semi-rigid hulls are laminated using a method from the aeronautical industry to ensure a precise strength to weight ratio. The VITECH® process ensures that the laminate and resin we use in each hull is exactly the right ratio so that it does not add unnecessary weight which reduces speed and fuel economy.

## ISO 9001:2000 Certification

Because we have achieved the prestigious ISO 9001:2000 Certification relative to the design, manufacture and repair management for semi-rigid inflatable boats, you can rest assured your commercial Valiant is the result of documented processes and methods created to meet or exceed the highest standards.

Valiant is part of Brunswick Corporation, world leading manufacturer of boat engines and recreational craft. Sister brands include:

# VANGUARD 750 Cruiser

V-750 CR

New for 2008, the Vanguard 520, 570, 620 and 750 Cruiser models feature stunning two-tone tubes and stylish yet functional consoles.

The flagship of the Vanguard series, the **750 Cruiser** is loaded with standard features including a retractable bow roller, anchor locker, stern locker, stowable sundeck with lockers, center console with hydraulic steering, integral fuel tank, electric Kool Mate 40 ice chest, cushioned stern seat, GRP navigation frame, ski mast, deck shower kit, boarding ladder, boarding platform and electric bilge pump.

Available options include a table in the bow area, anchor windlass, boat cover and a Bimini sunshade.

Her exceptional list of standard features makes the Vanguard 750 Cruiser well suited for virtually any waterborne activity you, your family, and friends enjoy. Superior performance, a versatile interior design and a 300 liter fuel capacity will help you get the most out of your precious time on the water.

## NOTABLE FEATURES

- Standard durable PVC fabric features a five-year warranty covering cracking, porosity and seams
- Two-tone tubes (grey and blue PVC)
- Optional heavy duty polyurethane AKRON tube material features five-times the abrasion resistance of Neoprene/Hypalon (single color tubes) and a 10-year warranty
- Attractive console design with fuel gauge, switch panels handrails, spacious electronics mounting room and an integral seat forward
- GRP Navigation Frame with integrated stern seat
- Spacious bow seating area converts to a comfortable sun lounge with cushion storage in bench lockers
- Deck shower kit, boarding ladder, boarding platform
- Double leaning helm bolster seat (S7D) with lockers, foldable table, and fire extinguisher holder

**CONSOLE SEAT (left)**  
The integral forward seat features a cushioned seat back, double seat base with storage below.

**OPTIONAL TABLE (right)**  
Complete the picture with this optional table for the bow seating area.

**RETRACTABLE BOW ROLLER**  
Retractable bow roller facilitates anchoring.

**OPTIONAL WINDLASS**  
The optional windlass makes setting and retrieving your anchor effortless.

**VITECH**  
VACUUM INJECTION TECHNOLOGY

PVC MATERIAL  
**5**  
YEAR  
WARRANTY

**SPACIOUS CENTER CONSOLE**  
Console design features a spacious helm area for mounting electronics; includes hydraulic steering and storage.

**TWO-TONE TUBES**  
Attractive grey/blue two-tone tubes available in standard PVC material covered by a five-year material warranty.

**SUNDECK**  
Comfortable sundeck converts into a spacious bow seating area with bench lockers in which to stow cushions.

**KOOL MATE 40**  
Electric cooler plugs into 12-volt receptacle at the helm.

**V-750 CR**

**POP-UP CLEATS**  
Pop-up stern mooring cleats hide away to prevent snags when not in use.

**BOARDING PLATFORM**  
Boarding platform with ladder makes water access easy. (Note shower location).

Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.

CHARACTERISTICS	VANGUARD-750 Cruiser
CE Category	C
Length overall	7.49 m
Beam overall	2.85 m
Tube diameter	0.60 m
Number of chambers	7
Max. capacity weight	2,300 kg
Max. capacity persons	22
Engine shaft type	1XL
Max. engine	300 H.P. - 221 kW
Recommended engine	200 H.P. - 149 kW
Minimum engine	115 H.P. - 84.5 kW
Maximum engine weight	294 kg
Total boat weight (Exc. engine)	773 kg
Fuel tank	300 Lts

**Standard Features**

- Accessories Plug (12 volt)
- Air pump
- Boarding ladder
- Boarding platform
- Bow locker
- Bow roller (retractable)
- Center console: switch panels, fuel gauge, handrails, integral forward seat
- Console locker
- Deck drain plug
- Deck shower
- Electric bilge pump (automatic)
- Double rubbing strake
- Five-year tube material warranty
- GRP Navigation frame
- Hull drain plug
- Hydraulic steering
- Ice chest (Kool Mate 40, electric)
- Ice chest tie-down kit
- Inflation/deflation valves
- Integral fuel tank
- Internal/external lifelines

- Leaning bolster helm seat S-7D
- Lifting handles
- Mooring eye
- Non-slip deck with teak laminate
- Paddles (two, telescopic)
- Pressure relief valve
- Repair kit
- Ski mast
- Stern seat (blue/white upholstery)
- Stern locker
- Stern mooring cleats (retractable)
- Stern towing eyes
- Sundeck (removable with blue/white upholstery)
- Transom plate (plastic)
- Two-tone tubes (grey and blue PVC)

**Options**

- AKRON tube material
- Anchor windlass
- Bimini sunshade
- Boat cover
- Table (for bow area)

# VANGUARD 620 Cruiser

V-620 CR

Like the Vanguard 750, the **Vanguard 620 Cruiser** comes with a full complement of standard features. For 2008, the 620 includes two-tone tubes for an attractive appearance in addition to its exhilarating performance.

Other standard features for this model include a retractable bow roller, a bow locker, stowable sundeck, a newly designed center console with hydraulic steering, integral fuel tank, GRP navigation frame, ski mast, deck shower kit, boarding ladder, and a boarding platform. The Vanguard 620 Cruiser is ready for a day at play or a quiet moment relaxing in the sun. The choice is yours.

## NOTABLE FEATURES

- Standard durable PVC fabric features a five-year warranty covering cracking, porosity and seams
- Two-tone tubes (grey and blue PVC)
- Optional heavy duty polyurethane AKRON tube material features five-times the abrasion resistance of Neoprene/Hypalon (single color tubes) and a 10-year warranty
- Attractive console design with fuel gauge, switch panels handrails, spacious electronics mounting room and an integral seat forward
- GRP Navigation Frame
- Spacious bow seating area converts to a comfortable sun lounge with cushion storage in bench lockers
- Deck shower kit, boarding ladder, boarding platform

V-620 CR

**RETRACTABLE BOW ROLLER**  
Retractable bow roller facilitates anchoring.

**NON-SLIP SYNTHETIC TEAK DECK**  
This material is attractive and reduces the risk of slipping on wet surfaces.

**SPACIOUS CENTER CONSOLE**  
Console design features a spacious helm area for mounting electronics; includes hydraulic steering, forward seat and storage.

**VITECH**  
VACUUM INJECTION TECHNOLOGY

PVC MATERIAL  
**5**  
YEAR  
WARRANTY

**TWO-TONE TUBES**  
Attractive grey/blue two-tone tubes available in standard PVC material covered by a five-year material warranty.

**BOW SEATING**  
The spacious bow seating area features bench lockers in which to stow the removable cushions for the standard sundeck (shown below).

**OPTIONAL BIMINI SUNSHADE**  
Relax in the shade afforded by this optional canvas top.

**STANDARD FIBERGLASS NAVIGATION FRAME**  
Mount electronics antennas and other equipment in this elevated station.

**SKI MAST**  
Tow watersports enthusiasts with this standard ski mast.

**V-620 CR**

# VANGUARD 620T/750T Sport Series

Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.

**SPACIOUS CENTER CONSOLE**  
Console design features a spacious helm area for mounting electronics; includes hydraulic steering, forward seat and storage compartment.

**NAVIGATION FRAME OPTION**  
Mount electronics antennas and other equipment on this elevated station.

**SKI MAST OPTION**  
Tow watersports enthusiasts with this optional ski mast.

**NON-SLIP SYNTHETIC TEAK DECK**  
This material is attractive and reduces the risk of slipping on wet surfaces.

**SUNDECK OPTION**  
This comfort option includes removable blue and white cushions that stow conveniently in the bench lockers below.

V-620T

**STERN LOCKER**  
The helm seat base features additional storage compartments with easy access to the electrical bilge pump.

The Vanguard Sport series gives you the opportunity to outfit your boat with precisely the features and options you desire. Using the spacious 620 or 750 base platforms, you can select from a wide array of options to customize your Valiant for what you want to do.

Featuring big load carrying capacities, these boats offer great performance without compromising a high degree of comfort and security. You'll look great too, thanks to the two-tone tube design that's new for 2008.

Other standard features include a bow cleat, anchor locker, bow locker, center console with hydraulic steering, stern seat, stern lockers and an electric bilge pump to name but a few.

## NOTABLE FEATURES

- Standard durable PVC fabric features a five-year warranty covering cracking, porosity and seams
- Two-tone tubes (grey and blue PVC)
- Optional heavy duty polyurethane AKRON tube material features five-times the abrasion resistance of Neoprene/Hypalon (single color tubes) and a 10-year warranty
- Attractive console design with fuel gauge, switch panels handrails, spacious electronics mounting room and an integral seat forward
- Big load carrying capacity hulls

# VANGUARD 520/570 Sport Series

**V-570**

The popular and attractive Vanguard Sport Series models feature generous beams for maximum interior space without compromising ease of transport and fuel economy. The additional beam provides additional surface area for quick planing and enhanced lateral stability.

These models feature attractive two-tone tubes and stylish console designs with ample room for mounting electronics.

The numerous standard features include a bow locker, center console with hydraulic steering, a backrest seat, integral fuel tank, boarding ladder and electric bilge pump. A vast array of options is also available to cater to individual needs.

## NOTABLE FEATURES

- Standard durable PVC fabric features a five-year warranty covering cracking, porosity and seams
- Two-tone tubes (grey and blue PVC). The 570 Sport also offers a red/grey combination
- Optional heavy duty polyurethane AKRON tube material features five-times the abrasion resistance of Neoprene/Hypalon (single color tubes) and a 10-year warranty
- Attractive console design with fuel gauge, switch panels handrails, spacious electronics mounting room and an integral seat forward
- Integral fuel tank

Optional Sun Lounge  
on the V-570

V-520

**BOW LOCKER**  
Spacious latching storage compartment for anchor and lines.

**FUEL FILL**  
In-deck fuel fill for integral fuel tank.

**CONSOLE LOCKER**  
Stow larger items out of the way in this convenient console locker.

**VITECH**

# VANGUARD 400/450/490 Sport Series

V-400

Easy to use, compact and easy to store once the season is over, the Vanguard 400/450/490 Sport Series models are affordable and excellent for operation in lakes, bays and near coast recreational activities.

Each fiberglass hull is filled with foam making it unsinkable; additionally, the foam provides noise and vibration absorption for a quieter, more comfortable ride.

Despite their compact size, these models feature comfortable interiors, ample passenger capacities and multiple storage compartments.

Standard features on this series include a fixed S-4 center console with mechanical steering, storage compartment and windscreen, and a backrest seat (S-4 for the 400 and 450, S-5 for the 490). Notable options include a boarding ladder, navigation frame and ice chest.

## NOTABLE FEATURES

- Available in durable PVC or polyurethane fabrics (light grey) featuring a five-year warranty covering cracking, porosity and seams
- Fast planing, unsinkable, foam-filled fiberglass hull
- Easy to transport and store
- Numerous standard features and options
- Sundeck option available on the 450 and 490 models

**BOW CLEAT**  
This standard feature facilitates docking and anchoring with a conveniently located cleat to tie off lines.

**CONSOLE LOCKER**  
Stow larger items out of the way in this convenient console locker.

**OPTIONAL NAVIGATION FRAME S-4**  
Mount electronics antennas out of harm's way with this optional navigation frame.

**UNDER SEAT FUEL TANK STORAGE**  
Fuel tanks tuck nicely out of the way in this convenient storage area.

**OPTIONAL SUN LOUNGE**  
Available as an option on the 450 and 490 models, this flexible option converts your runabout into a comfortable floating sun lounge.

**CENTER CONSOLE S-4**  
The permanently affixed center console features a convenient storage tray for storage and immediate access to small items.

**BACKREST SEAT STORAGE**  
Documents and valuables will stay drier in this storage compartment located in the seat back.

**SPACIOUS BOW ANCHOR LOCKER**  
Conveniently located storage compartment for anchor and lines.

**OPTIONAL BOARDING LADDER S-4**  
This convenient option facilitates getting in and out of the boat with ease.

Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.

# DYNAMIC 300/340/380 Basic Series

D-380

The Dynamic Basic Series models are ideal boats for first-time buyers, or as tenders for larger yachts. These models exemplify the Rigid Inflatable Boat concept: stable, high load carrying capacities, lightweight and excellent seaworthiness.

They are extremely easy to transport, launch and retrieve. Each model features davit lifting points and attractive non-slip synthetic teak deck.

The Basic models are tiller steered for light weight and superior performance with low horsepower. Family and Sport package options are available to equip the boats with seating and remote steering.

## NOTABLE FEATURES

- Durable PVC fabric (light grey) featuring a five-year warranty covering cracking, porosity and seams
- Extremely light weight, contributing to excellent performance with lower horsepower
- Easy to transport and store (ideal for davits)
- Large diameter tubes afford a comfortable ride
- Optional tube colors available (blue, orange, pink, red, yellow)

D-300

D-340

**BOW LIFTING EYES**  
Ideal for daviting, the Dynamic Basic series models feature recessed bow lifting eyes.

**NON-SLIP SYNTHETIC TEAK DECK**  
This material is attractive and reduces the risk of slipping on wet surfaces.

**LIFELINES**  
Integral lifelines provide an extra measure of security while underway.

**LIFTING HANDLES**  
Strategically placed lifting handles simplify launching and retrieval.

**DECK DRAIN PLUG**  
Remove the drain plug to allow rainwater or other accumulated water to escape, thus reducing weight.

**RUBBING STRAKE**  
This non-marring rub strake is designed to protect the tubes from impact and abrasion.

**STANDARD FEATURES**  
Each Dynamic comes complete with telescoping paddles, a foot pump, fuel tank tie strap and a repair kit.

*Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.*

# DYNAMIC 240/270/300 Tender Series

D-240

Manufactured using VITECH (Vacuum Injection Technology), the Dynamic Tender series is recognized as being the lightest R.I.B. tender on the market. These models feature durable PVC tube fabric in white or grey with a five-year warranty covering cracking, porosity and seams. The fiberglass deck surface features a non-slip pattern for more secure footing.

The tender series is designed for rowing or low horsepower propulsion. Lifting eyes and lifting handles make them easy to launch and retrieve. Accordingly, these models function as attractive, practical solutions to the tender needs of both motor and sailing vessels.

## NOTABLE FEATURES

- Durable PVC fabric (light grey or white) featuring a five-year warranty covering cracking, porosity and seams
- Extremely light weight, contributing to excellent performance with lower horsepower
- Easy to row, tow or davit
- Oars can be removed for storage when not in use
- Optional tube colors available (blue, orange, pink, red, yellow)

D-240

Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.

# DR 400/450/490 Diving & Rescue Series

DR-450

Our "Diving & Rescue" series is designed for maximum versatility to satisfy the demands of diving operations, rescue organizations and other professional applications. The design of each DR hull has been carefully developed to address a variety of different tasks and sea conditions. With an 18 degree deadrise at the transom, each design achieves an excellent balance of seaworthy performance, speed, running comfort, load carrying capacity and stability.

The DR models can be manufactured either with PVC or AKRON material and feature extra strong accessories, including double rubbing strakes, lifelines with stainless steel rings, reinforcements with non-slip finish on top of the tubes, heavy duty inflation valves and pressure relief valves as standard equipment.

The compact DR 400/450/490 models feature superior portability, quick planing characteristics and low fuel consumption. For big performance in a small package, count on the DR series.

## NOTABLE FEATURES

- Durable PVC fabric featuring a five-year warranty covering cracking, porosity and seams (optional AKRON tube material features a 10-year warranty)
- Versatile hull design for optimum seaworthiness and comfort under a variety of sea conditions
- Heavy duty standard features include double rubbing strakes, lifelines with stainless steel rings, and reinforcements with non-slip finish on tubes
- Standard tube colors: dark grey or orange; other colors are available as options
- Unsinkable, foam-filled fiberglass hull
- Easy to trailer, launch and retrieve

DR-400

DR-450

DR-490

**HEAVY-DUTY AKRON TUBE MATERIAL OPTION**  
Designed specifically for Valiant professional series applications, AKRON features five-times the abrasion resistance of Neoprene/Hypalon and a 10-year tube material warranty.

**BOW LOCKER**  
Stow anchors, line and rode in this convenient bow locker.

**TUBE REINFORCEMENTS**  
These heavy duty tube reinforcements feature a non-skid surface to promote more secure footing.

**CONSOLE FUEL TANK LOCKER**  
Fuel tanks stow in the jockey console bench seat to maximize usable cockpit interior.

**STERN TOWING EYES**  
Stern towing eyes are mounted in the fiberglass transom.

**UNSinkable HULL**  
These DR hulls are filled with foam making them unsinkable; additionally, the foam provides noise and vibration absorption for a quieter, more comfortable ride.

**OPTIONAL BOARDING LADDER S-4**  
This convenient option facilitates getting in and out of the boat with ease.

*Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.*

**DR-450**

- Pressure relief valves

- Repair kit
- Rubbing strake
- Stern lifting/towing eyes

**Options**

- AKRON tube material
- Boarding ladder
- Boat cover
- Bow roller
- Color deck/tube/hull
- Double jockey console seat S-5
- Jockey S-3
- Ice chest marine 25
- Ice chest marine 48
- Ice chest tie down
- Navigation frame S-4

# DR 520/570 Diving & Rescue Series

DR-570

For heavier loads and greater passenger capacity, consider the DR 520/570 series. Still remarkably portable and lightweight, these models feature wide beams for greater interior room, and enhanced lateral stability. Integral fuel tanks in the 520 and 570 provide increased range capability and free up deck space for passengers and gear. Storage is available in the large bow locker.

The hull's deep-V forward transitions to a keel pad aft. This combination affords a smooth ride while also promoting quick planing and lower fuel consumption.

These are the smallest models in the DR series which can be equipped with an optional center console and backrest seat for piloting from a standing position.

## NOTABLE FEATURES

- Durable PVC fabric featuring a five-year warranty covering cracking, porosity and seams (**optional AKRON tube material features a 10-year warranty**)
- Versatile hull design for optimum seaworthiness and comfort under a variety of sea conditions
- Heavy duty standard features include double rubbing strakes, lifelines with stainless steel rings, and reinforcements with non-slip finish on tubes
- Standard tube colors: dark grey or orange tubes; other colors are available as options
- Integral fuel tank
- Can be equipped with an optional center console for operation while standing

DR-570

DR-520

**HEAVY-DUTY AKRON TUBE MATERIAL OPTION**  
Designed specifically for Valiant professional series applications, AKRON features five-times the abrasion resistance of Neoprene/Hypalon and a **10-year tube material warranty.**

**BOW LOCKER**  
Stow anchors, line and rode in this convenient bow locker.

**OPTIONAL JOCKEY CONSOLE WITH BENCH STORAGE**  
Additional gear and important items can stow in this convenient location.

**NAVIGATION FRAME S-5 OPTION**  
Mount electronics antennas and other equipment in this elevated station.

**NON-SLIP DECK**  
The fiberglass deck surface features a non-slip pattern which reduces the risk of slipping on wet surfaces.

**OPTIONAL TUBE COLOR SHOWN**  
Choose from an array of color options for the boat's tubes, deck and hull.

**OPTIONAL DIVE LADDER S-5**  
This convenient boarding platform with telescoping ladder facilitates getting in and out of the boat.

**DR-570**

*Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.*

# DR 620/750 Diving & Rescue Series

DR-750

The largest models of the DR Series, the DR 620 and 750 are understandably popular with professional divers. The modified hull design provides quick planing and a smooth ride even in rough conditions. It also affords room for a cavernous integral tank below deck, lowering the center of gravity for optimum stability and promoting usable deck space.

At 106 and 300 liters respectively, these boats have ample range and tremendous load carrying capacities.

These models can be configured in a variety of ways with your choice of options.

## NOTABLE FEATURES

- Standard durable PVC fabric features a five-year warranty covering cracking, porosity and seams
- Optional heavy duty polyurethane AKRON tube material features five-times the abrasion resistance of Neoprene/Hypalon (single color tubes) and a 10-year warranty
- White hull, grey deck and tubes standard (color options available)
- Modified-V hull for quick planing, superior lateral stability and a smooth ride in rough water conditions
- Exceptional offshore performance
- Integral fuel tanks
- Customizable with many options— see a Valiant dealer

DR-750

DR-750

**BOW CLEAT**

This convenient standard feature facilitates anchoring and docking with a heavy-duty tube mounted bow cleat.

**HEAVY-DUTY AKRON TUBE MATERIAL OPTION**

Designed specifically for Valiant professional series applications, AKRON features five-times the abrasion resistance of Neoprene/Hypalon and a **10-year tube material warranty.**

**NON-SLIP DECK**

The fiberglass deck surface features a non-slip pattern which reduces the risk of slipping on wet surfaces.

**COLOR OPTIONS**

Choose from an array of color options for the boat's tubes, deck and hull.

**BOW LOCKER**

Stow anchors, line and rode in this convenient bow locker.

**TUBE REINFORCEMENTS**

These heavy duty tube reinforcements feature a non-skid surface to promote more secure footing.

**ALUMINUM DECK HATCH**

The aluminum deck hatch (standard on the DR-750 and optional on the DR-620) provides access to the cavernous in-deck storage compartment.

*Standard features, specifications and options are subject to change. Some models are shown with options. See your local Valiant dealer for the most current product offering.*

- Ice chest marine 72
- Ice chest tie down kit
- Navigation frame S-6/7

# PATROL Series

PT-850

Originally designed for military applications, the **Patrol Series** addresses the needs of the most demanding users including rescue organizations, fire brigades and industrial activities which require the use of strong, durable, seaworthy, fast and safe craft. The design of the hull, with a deep-V from bow to stern and pronounced strakes, produces a smoother ride with superior tracking and dryness. This series offers exceptional performance offshore under rough sea conditions.

Patrol Series models feature integral fuel tanks in watertight compartment perfectly adapted to the "V" shape of the hull. This lowers the center of gravity and greatly increases range, particularly on our outboard models.

**Patrol SD Series** models are designed to provide even longer range and superior fuel economy. Featuring the largest hulls in the patrol series, these boats can be customized with a choice of power options including jet, gas or diesel stern drive engines. The motor box covering the inboard engine can be equipped with various options to maximize the use of cockpit space.

*Each Patrol model can be customized according to the user's needs with a wide array of options. See your Valiant dealer for details.*

## NOTABLE FEATURES

- Heavy duty polyurethane AKRON fabric standard (features five-times the abrasion resistance of Neoprene/Hypalon)
- 10-year AKRON tube material warranty covering cracking, porosity and seams
- White hull, grey deck and tubes standard (color options available)
- Deep-V hull, bow to stern (23 degrees at transom)
- Exceptional offshore performance
- Strakes enhance tracking and deflect spray— for a drier ride
- Hatch to below decks storage (except PT-520)
- Patrol SD Series features a choice of gas, diesel stern drive or jet propulsion for extraordinary range and fuel economy
- Customizable with many options— see a Valiant dealer

PT-750

PT-SD 850

PT-750

**HEAVY-DUTY AKRON TUBE MATERIAL STANDARD**  
Designed specifically for Valiant professional series applications, AKRON features five-times the abrasion resistance of Neoprene/Hypalon and a **10-year tube material warranty**.

**MANY SEATING CONFIGURATIONS**

Optional seating includes this double modular seat with drop out seat bases converting it to a standing bolster.

**SELF-RIGHTING DEVICE OPTION**

Although Valiant boats demonstrate remarkable stability, we offer this self-righting device for rescue professionals who must endure harsh conditions.

**BOW SAMSON POST OPTION**  
Heavy-duty equipment for securing your vessel and/or equipment.

**DEEP-V HULL**

Standard on all Patrol series models, the hull features a deep-V shape from bow to stern to provide a smoother ride in rough conditions.

**STERNDRIVE MOTOR BOX COVER**

On the PT-SD models, many options are designed to mount to the motor box cover to optimize cockpit space.

**PT-SD 850**
