

WELCOME TO THE WORLD OF UTTERN

UTTERN

WELCOME TO UTTERN!

We want to build boats for active boaters, where safety and comfort are crucial for the overall experience. And that's exactly what you'll find in this catalogue, along with a model that is just right for you.

Preservation of our pristine waters and verdant shorelines is a responsibility shared by boaters and boat builders alike. While the debate on carbon emissions and global warming continues, we at Uttern have made our decision and are committed to operating in an ecologically responsible manner. From the selection of raw materials to factory equipment to manufacturing processes, every decision is evaluated to minimize harm to the environment.

Uttern boats are manufactured with the most environmentally friendly materials and components available. Gelcoats and resins are specially formulated to reduce emissions of volatile organic compounds (VOCs). Components such as fuel/air separators designed to prevent fuel spills are standard equipment. The Uttern manufacturing plant features state-of-the-art air handling systems designed to limit styrene emissions. In addition, Uttern laminates are specifically engineered to limit spray application of resins and other chemicals which release VOCs.

All Uttern boats are powered by Mercury or MerCruiser engines featuring the latest in fuel efficiency and exhaust emissions technology. The Mercury Verado® supercharged engine is noted for its silence, low fuel consumption and low exhaust levels. MerCruiser multi-port injection petrol engines and Cummins MerCruiser common-rail diesels comply with all European emissions standards by a wide margin.

As part of the Brunswick Corporation family, the legacy of corporate responsibility is well ingrained at Uttern.

LIVE
LIFE
WELL

FEEL SECURE AND ENJOY EVERY MOMENT

Boating is full of adventures. Sunny days and gentle breezes are perfect for relaxing on deck or for taking a dip from the swim platform. When harsh winds blow and rain falls you are reminded of the random power of nature. Uttern boats are built in a place where the elements are to be taken seriously. Safety and comfort is a cornerstone of Uttern design. Uttern boats are made for Nordic conditions. With a design rooted in the Scandinavian tradition and culture, they are robust and stable in the water and are characterised by their generous freeboard and conveniently placed grab rails. Safety components such as mooring and navigation equipment, often extras on other boats, are a part of an Uttern's standard equipment. The unique combination of safety and comfort is the hallmark of an Uttern boat. It is this that enables you to master a wide variety of Nordic conditions and allows you, at the same time, to enjoy yourself – in all weather.

A FULLY- EQUIPPED BOAT, WITH A HIGH STANDARD OF SAFETY AND COMFORT

The exceptionally high standard of equipment on Uttern boats gives them a privileged position on the water. Everything necessary to ensure your boat is comfortable and safe is included. Your life on the water will be hassle-free at the outset.

Owning a boat entails a lot of responsibility for safety on board and we have ensured that you have everything you need right from the start, including a chart plotter and depth sounder, both of which are included as standard equipment on most Uttern models. Dockside handling is made easy with a full compliment of mooring equipment included with every boat. You can even count on additional comfort and convenience accessories such as a CD/stereo radio (except the S series), swim ladder with telescopic steps and flat rungs for easy water access and a cockpit canopy (where applicable) for protection from the elements*.

You always get 'more boat for your money' when you invest in an Uttern. If you are looking for a boat with all the necessary equipment right from the start, you need look no further. With an Uttern you'll be ready for the water the moment your boat is delivered.

*See the complete list of equipment in the table on pages 22-23.

D 68

D 68 CRUISE IN STYLE

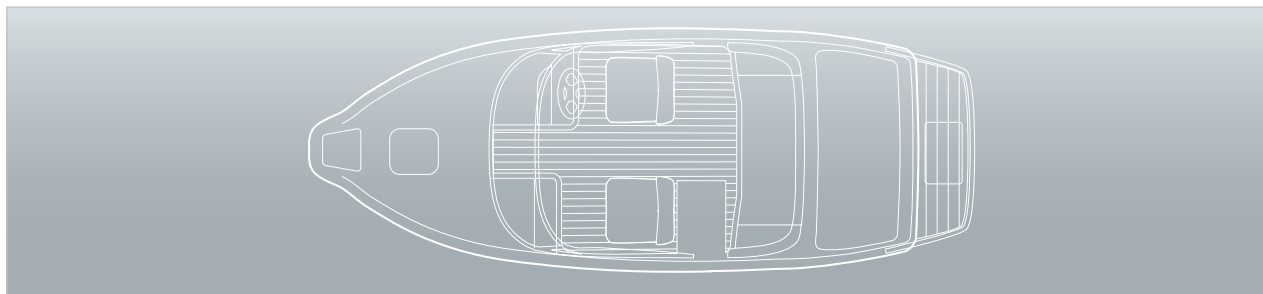

The new D68 is equipped to ensure safe, comfortable cruising with family and friends. The ample and functional cockpit includes a galley with stove and fresh water, refrigerator and large dining area for those unforgettable moments spent together on board. A comfortable cabin provides a berth for

two adults and a child and along with a discrete flush toilet for relaxed cruising through the Nordic archipelago.

Everyone on board will appreciate the genuine Uttern concern for safety with the boat's high freeboard, large swim platform,

strategically placed grab handles, and complete navigation and engine monitoring equipment.

The D68 is powered by MerCruiser petrol or diesel engines.

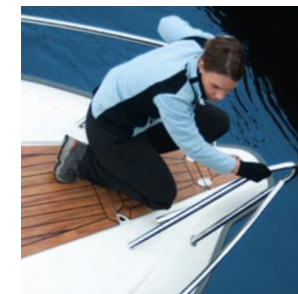

SPECIFICATIONS

Length hull (m)	6.90
Max beam (m)	2.50
Number of people	7
Maximum power (hp)	260

ENGINE OPTIONS

MerCruiser	4.3L MPI (V6/220 hp)
MerCruiser	5.0L MPI (V8/260 hp)
Cummins MerCruiser Diesel	QSD 2.0L (150 hp)
Cummins MerCruiser Diesel	2.8L DTI (220 hp) w/ Bravo 3 Propeller

EQUIPMENT

Comfort: Flush toilet • Galley • Stove and fresh water tap • Heat blower lid on stove • Refrigerator • Fresh water tank • Number of berths (2 Adult + 1 Child) • Integrated swim platform • Anchor storage • Cushions • Canopy.

Safety: High Freeboard • Securmark anti-theft marking • Bathing and rescue ladder • Fuel gauge • Compass • Grab rails in stainless steel •

Bow eye, class 3 • Lockable storage • Fire extinguisher • Dual battery system • Electric bilge pump • Navigation lights • Bow eyelet.

Technical Equipment: Chart plotter • Depth sounder • Radio/CD • SmartCraft® instrument • Speedometer • Tachometer • Trim indicator • Power steering • Built-in fuel tank (200 liters) • Windscreen wiper •

Main switch • 12V outlet • Fresh water cooling • Stainless Steel Propeller (only 2.8 DTI) • Drain plug.

Other Equipment: Mooring package • Fenders • Anchor • Boat hook • Cup holders • Port lights • Teak table • Laminate floor (imitation teak).

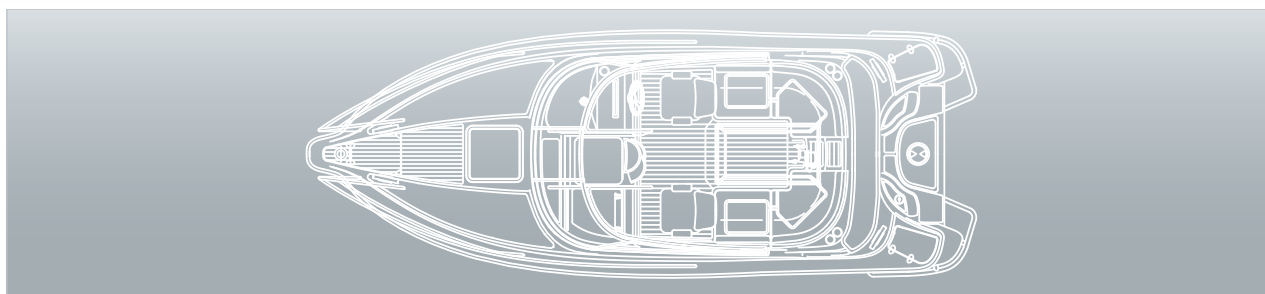

D 66

D 66 PERFORMANCE AND COMFORT

The Uttern D66 with a Mercury Verado® or OptiMax® engine combines the best of all worlds. As usual, top priority has been given to safety and comfort but the most obvious characteristic is its performance and the sheer pleasure it provides – thanks

to a combination of Mercury powers and seaworthy Uttern hull. It is quite simply an extraordinary boat!

D66 is equipped with a flush toilet, a fridge, a cooker with a warm-air fan cover, as well as a pantry with a wash basin and fresh water tank. And... it goes without saying that all of the normal Uttern safety is built in.

Other Equipment: Mooring package • Fenders • Anchor • Boat hook • Cup holders • Port lights • Teak table • Laminate floor (imitation teak).

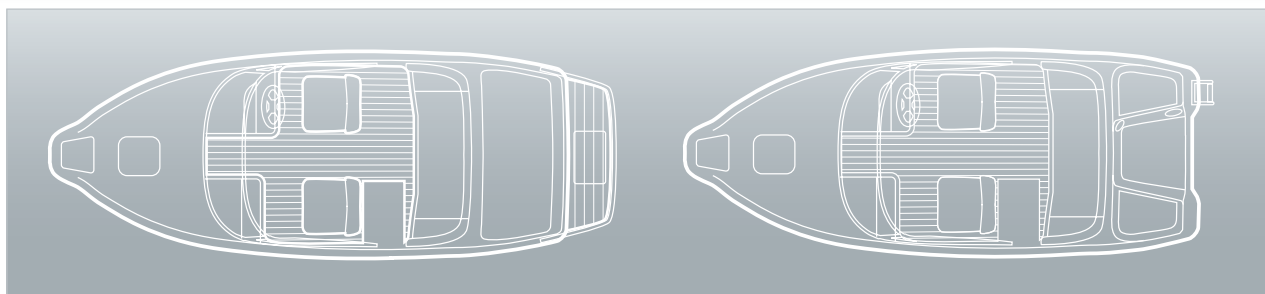

D55

D55 VERSATILITY AND EXHILARATION

For many people the D55 is their first day-cruiser – a logical choice when first deciding to go boating. The reason is simple: the D55's versatility and simplicity make it the best selling Uttern! One out of every four Uttern boats sold is a D55.

The D55 is carefully designed to maximize comfort and enjoyment with plenty of room for five people. Whether you choose the sterndrive or outboard version you are assured of a calm, stable journey to your favorite spot on the water.

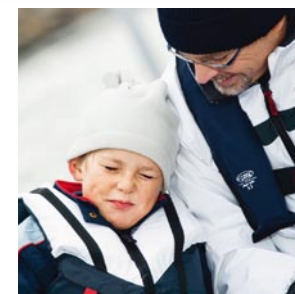

SPECIFICATIONS

Length hull (m)	5.55
Max beam (m)	2.20
Number of people	5
Maximum power (hp)	135

ENGINE OPTIONS

Mercury FourStroke	100 hp
Mercury OptiMax®	115 hp
MerCruiser	3.0L (135 hp)
Cummins MerCruiser Diesel	QSD 2.0L (130 hp)

EQUIPMENT

Comfort: Number of berths (2 Adult) • Integrated swim platform • Extended swim platform² • Anchor storage • Cushions • Canopy.

Safety: High Freeboard • Securmark anti-theft marking • Bathing and rescue ladder • Fuel gauge • Compass • Grab rails in stainless steel • Bow eye, class 3 • Lockable storage • Fire extinguisher • Electric bilge pump • Navigation lights • Bow eyelet.

Technical Equipment: Chart plotter • Depth sounder • Radio/CD • SmartCraft® Instruments (Optional on Mercury OB engines, not available on MerCruiser 3.0) • Speedometer • Tachometer • Trim indicator • Hydraulic steering¹ • Power steering (MerCruiser)² • Built-in fuel tank (90 liters) • Windscreen wiper • Main switch - 12V outlet • Fresh water cooling² • Drain plug.

Other Equipment: Mooring package • Fenders • Anchor • Cup holders • Teak table • Laminate floor (imitation teak) • Water ski tow (MerCruiser)²

S64

S64 PERSONALITY

The Uttern S64 is a living legend among console boats. In an S64 it is the driver who sets the limits and not the boat. The S64 symbolizes proximity to nature and a feeling of freedom.

The S64's timeless, multi-functional design assures hours of enjoyment on the water – whether skiing, wake boarding, fishing or searching for the ideal 'get away' spot in the Nordic archipelago.

The Uttern S64 is available with the popular MerCruiser 4.3 MPI engine or a choice of two thrifty and robust Cummins MerCruiser Diesel engines.

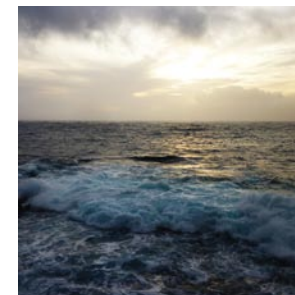

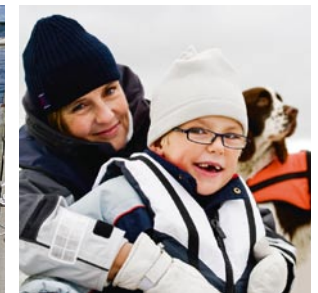

SPECIFICATIONS

Length hull (m)	6.38
Max beam (m)	2.51
Number of people	7
Maximum power (hp)	220

ENGINE OPTIONS

MerCruiser	4.3L MPI (V6/220 hp)
Cummins MerCruiser Diesel	QSD 2.0L (150 hp)
Cummins MerCruiser Diesel	2.8L DTI (220 hp) w/ Bravo 3 Propeller

EQUIPMENT

Comfort: Integrated and extended swim platform • Anchor storage • Helm seat and console cover.

Safety: High Freeboard • Securmark anti-theft marking • Bathing and rescue ladder • Fuel gauge • Compass • Grab rails in stainless steel • Bow

eye, class 3 • Lockable storage • Fire extinguisher • Electric bilge pump • Manual bilge pump • Navigation lights • Bow eyelet.

Technical Equipment: Chart plotter • Depth sounder • SmartCraft® instruments • Speedometer • Tachometer • Trim indicator • Power steering •

Built-in fuel tank (185 liters) • Main switch • 12V outlet • Fresh water cooling • Stainless steel propeller (Except QSD 2.0) • Drain plug.

Other Equipment: Mooring package • Fenders • Anchor • Boat hook • Cup holders • Port lights • Laminate floor (imitation teak).

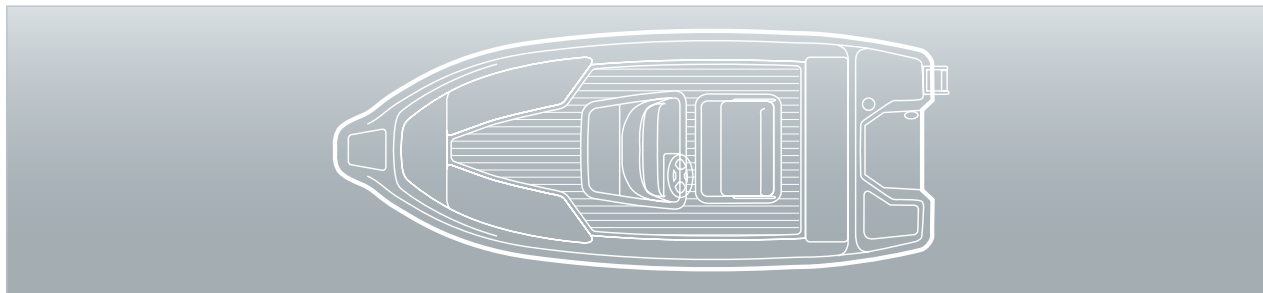

S55

S55 BIG FUN

You can immediately sense the family resemblance with the S64 – the Uttern S55 has the same genes in a small, easy to handle package. The spacious cockpit and convenient seating provide the perfect platform for the whole family to enjoy

a sunny afternoon on the water. The fishermen in the family will appreciate the S55's versatility as they search for the elusive "prize catch"!

Noteworthy in its class, the S55 is completely equipped with everything you will need to make the most of the day. Your mates will admire your choice of boats.

Other Equipment: Mooring package • Fenders • Anchor • Cup holders • Laminate floor (imitation teak).

S52

S 52 THE PERFECT PLAYMATE

The Uttern S52 is specially designed to let you flex your muscles on water-skis or wakeboard – or indeed in any water sport. It is quite simply a pleasure machine.

The S52 inherited the best features of the S64 and the S55. Noted for stable handling and nimble performance, it makes the ideal boat for speeding to your island in the archipelago or docking at your favorite seaside restaurant.

Uttern's legendary reputation for safety is evident in the high freeboard and conveniently placed grab rails. The S52 is the perfect holiday boat – both inland and at sea. Light to tow, you can easily explore new waters and new adventures.

T55

T55 MAXIMUM DELIGHT

The Uttern T55 gives you the best of all worlds! It combines the practicality of a cockpit steered boat with the comfort of a day cruiser – protecting you from wind and water while under way.

Generous on-board space and ample seating will get you to your destination in style.

Whether at a standstill or skimming the water, the T55 is completely at home – it quite simply enjoys being out on the water!

ENGINE DETAILS THE VERY BEST IN ENGINE POWER AND NAVIGATION

Choose among our vast range of robust and powerful Mercury outboard engines, MerCruiser Sterndrive Petrol engines, or Cummins MerCruiser Diesel engines, the most appreciated of all time. You'll have the very best and most up-to-the-minute engine power to take your boat out to enjoy the delights of the water.

Moreover, you will benefit from a national and international network of dealers for service.

Additionally, a five-year warranty program is applicable for all eligible Mercury outboard engines*. The program will be offered to owners of new Mercury outboard engines**. The warranty applies to Mercury Verado®, OptiMax® and FourStroke engines purchased in Europe, the Middle East, Africa and the CIS region. The five years of comprehensive factory-backed coverage includes labor for failures caused by defects in material or workmanship. What's more, the new warranty is transferable

if the engine is sold within the five-year period. The warranty applies to recreational use only.

*Conditions and exclusions apply.

**Provided that all extended warranty conditions are met.

OUTBOARD

Being the "#1 On The Water™" means leading the way in every aspect. From products to service to customer satisfaction, Mercury outperforms the competition at every turn. With Verado® for example, Mercury offers an exclusive engine concept that delivers super-charged performance

with convenience enhancing features that make every boat ride a unique experience. If your passion is water sports then Mercury OptiMax® is your power of choice. Mercury OptiMax® delivers performance with minimal exhaust emission and fuel consumption. Mercury is the leader in

4 stroke technology with the most modern range of 4 stroke outboards in the industry.

4 STROKE

Intake, compression, power, exhaust. Those are the stages of four-cycle combustion. Because every combustion series consists of four discrete stages, 4 stroke engines tend to be quieter, smoother and more fuel efficient than traditional 2 strokes, all while producing lower emissions.

VERADO® SUPERCHARGED

The revolutionary Verado® 4 stroke combines unmatched acceleration and responsiveness, unbeatable torque, precise control and ultra quiet operation, with industry-leading reliability.

OPTIMAX®

A Direct Injected engine that combines the heart, soul, speed and power of a traditional 2 stroke, but with the advantages of a 4 stroke. Its unique two-stage injection system creates a remarkably complete combustion – which means boaters can have a great time on the water while feeling good about conserving fuel and producing fewer emissions.

Performance: Optimized intake manifold for improved fuel atomization and smoother power delivery • Revised fuel calibration for crisp acceleration and improved running quality • Low restriction flame arrestor for added horsepower and torque.

Easy ownership: 3-year/300 hour maintenance interval on many periodic service items saves time and money.

Technology: Helm-mounted Audio Warning System monitors oil pressure, engine temperature and drive lube level and provides instant alarm if any of these vary from normal range • Available MerCathode® galvanic corrosion prevention system offers unmatched active electronic corrosion protection • The Alpha® sterndrive delivers reliable performance in a value package.

MERCRUISER 3.0 TKS (135 HP)

The MerCruiser 3.0 TKS – 135 HP engine starts with the turn of a key. Turn-Key Starting (TKS) offers fuel injection convenience without the fuel injection price. Just put in the key, turn and the engine roars to life. No choking, priming or pumping, even in cold weather.

Reliability:

- Extra large displacement produces power with good torque.
- Industry-exclusive 3-year limited corrosion failure warranty.

MERCRUISER 4.3 MPI (220 HP)

The MerCruiser 4.03 MPI - 220 HP engine offers reliable and responsive Electronic Multiport Fuel injection for added power, acceleration and fuel economy. The low maintenance features include dry joint manifolds, remote mounted oil filter, water-separating fuel filter and translucent engine mounted drive lube reservoir with level sensing.

Reliability:

- 4.3L displacement produces great power with good low end torque.
- Industry-exclusive 3-year limited warranty against corrosion failure.
- Smooth running 6-cylinder V-engine with balance shaft.
- Top speed.

MERCRUISER 5.0 MPI (260 HP)

The MerCruiser 5.0 MPI - 260 HP engine is your choice when looking for maximum power for your boat. The engine offers reliable and responsive Electronic Multiport Fuel injection for added power, acceleration and fuel economy and comes equipped with all available low maintenance features.

Reliability:

- 5.0L displacement produces great V8 power with good low end torque.
- Industry-exclusive 3-year limited warranty against corrosion failure.
- Reliable, smooth running V8 engine.
- Top speed.

CUMMINS MERCRUISER DIESEL (CMD)

The advantages of CMD engines include outstanding fuel economy and range, higher torque for greater power, durability for longer engine life, instant start-up in cold weather, virtually smoke and odor free, lighter weight/increased power and simplified engine information management. All CMD engines are EPA, Tier 2, IMO, RCD and select BSO/SAV certified.

- Cummins MerCruiser Diesel QSD 2.0L (130 hp)
- Cummins MerCruiser Diesel QSD 2.0L (150 hp)
- Cummins MerCruiser Diesel 2.8L DTI (220 hp)

Combining the quiet, smooth performance of a traditional gasoline engine with the added fuel economy, torque and durability of a diesel, this four cylinder compact powerhouse features an advanced ECM with

SmartCraft® compatibility to monitor various engine parameters. Both, the QSD 2.0L and QSD 2.8L also feature advanced components like the integrated heat exchanger and exhaust manifold, which also help reduce overall package size. Impressive acceleration and precise throttle response are the result of a 16 valve cylinder head and a proven common rail fuel system that includes a turbocharger and seawater aftercooler.
