QUICKSILVER[®]
INFLATABLES

Discover a wealth of brand new features on these compact yet roomy and sporting boats.

High value and affordable fun on the water

QUICKSILVER is known for its outstanding quality and excellent reliability at a competitive price.

The QUICKSILVER brand is owned by the Brunswick group. Brunswick is featuring the world's premier brands in the marine, fitness, bowling and billiards industries. Brunswick Marine in EMEA has been setting the standards for well over 60 years.

What's new for Quicksilver Inflatables?

Recently QUICKSILVER introduced 3 new products in its range of inflatable boats and RIBs:

The OCEAN RUNNER RIB Series. This product range consists of 3 models.

Each of the 3 models can be equipped with a console, in order to provide the best experience on the water. The attractive pricing allows everyone the opportunity to enjoy boating.

The DINGHY Series is launched with 2 models. Both the DINGHY 200 and 240 have a complete inflatable floor and keel. Although set at a very competitive price, these boats continue to sustain QUICKSILVER quality, including the thermo-seams process and a top quality PVC fabric.

The AIR DECK FISHING models, a 3.10 m and a 3.40 m, have been added to the QUICKSILVER range to offer both adventurers and fishermen a light weight boat, easy to set-up and transport. This new dark grey boat with its Air Deck floor and keel is entirely inflatable.

The very best in engine power and navigation

You may choose among our vast range of robust and powerful Mercury or Mariner outboard engines, the most popular of all times. You will own state of the art engine power and be able to take your boat out to enjoy fun on the water.

Moreover, you will benefit from a national and international network of dealers.

On top of this, a five-year warranty program is applicable for all eligible Mercury and Mariner outboard engines*.

The program will be offered to owners of new Mercury and Mariner outboard engines**.

The warranty applies to Mercury and Mariner Verado®, OptiMax® and Four Stroke engines purchased in Europe, the Middle East, Africa and the CIS region. The five years of comprehensive factory-backed coverage includes labour for failures caused by defects in material or workmanship. More so, the new warranty is transferable if the engine is sold within the five-year warranty period. The warranty applies to recreational use only. Warranties on high performance engines and engines used for racing or commercial purposes remain unchanged.

* Conditions and exclusions apply. Promotion excludes Mercury Racing and Mercury Performance Products.

** Provided that all extended warranty conditions are met.

Benefits

Quicksilver benefits include :

QUICKSILVER Inflatables are produced with MEHLER Haku®, a heavy-duty, long-life fabric, which offers excellent resistance against UV, cuts, abrasions and normal wear and tear. This fabric also offers maximum resistance against high temperature, moisture and dirt.

QUICKSILVER Inflatables offer one of the best guarantees in the market including 5 years warranty on the Haku® fabric and air holding thermowelded seams giving you assurance of our commitment to quality (excluding Dinghy Series).

QUICKSILVER applies the exclusive technique of THERMOWELDING when assembling the PVC Haku® fabric of its tubes. This process combines fusion welding with high pressure bonding of double internal/external tapes, and is used to assemble the different parts of the tubes with welds stronger than the material itself.

Fold-down rowlocks are stored on the outside of the tube. The combined oar retainer and rope holder provide an elegant and clean look. The swim platform-mounted davits are easy to install.

To protect against cracking and decay, all transoms are made waterproof by two heavy-duty ABS layers which ensure greater durability compared to traditional plywood transoms. Transoms are equipped with an engine pad and plate for your outboard as well as a standard transom cap to avoid knocks when rigging the boat. Stainless steel towing holes are included in the transoms for skiing, wakeboarding or tubing.

The floors

Air Deck floor

All Air Deck models are featured with a X-stitch inflated floor that provides additional floor rigidity compared with traditional drop-stitching. Our Air Deck floors are also featured with anti-slip.

Enduro floor

The Enduro models are equipped with a sectional fibreglass floor. Fibreglass floors replace the traditional plywood floors that are less water resistant.

XS floor

The XS floor is featured on all XS models. These are highly resistant floors made of aluminium and suited for high demanding applications or extensive use.

Rigid Hull floor

The rigid hull floor is composed of a fibreglass hull and deck. This design offers total boating pleasure and increased safety. This type of floor is used exclusively on the OCEAN RUNNER. These RIBs are ISO compliant and certified.

Standard equipment & features

Regardless of the model you choose, your QUICKSILVER Inflatables is delivered with the following accessories:

QS double action air pump (+ repair kit)

Pump gauge

Seat

Carrying bag for your boat

Dinghy 240

365 XS

Safety rope all around the boat on XS models

Stainless steel D ring

The **SPORT ENDURO** range includes 4 models in grey PVC Haku® fabric.

The models 240 up to 340 include:

- Enduro floor made of high-resistance material. No specific maintenance required; simply rinse it with water (see product benefits).

Models XS 365 & 415, with certification for more engine power and a more rigid structure:

- XS floor made of aluminium which is exceptionally resistant (see product benefits).
- Increased power allows coastal family boating, water sports and sea fishing.
- Rounded cones provide an elegant line to the boat.

Reinforced and anti slip tube

Stainless steel D ring

For all adventurers, we have created the ADVENTURE series in dark green, PVC Haku® fabric.

The models 270 up to 340 include :

- Enduro floor made of high-resistance composite material that needs no specific cleaning, you only have to rinse it with water (see product benefits).
- Particularly designed for anglers.

The model XS 365, with certification for more engine power and a more rigid structure :

- XS floor made of aluminium which is exceptionally resistant (see product benefits).
- Rounded cones decrease the craft's length whereas the inner space remains unchanged.
- Especially designed to suit the needs of sea fishermen and scuba divers.

470

Reinforced and anti slip tube

Stainless steel D ring

- o Red-tube boats easy to spot. Used for rescue or coastal surveillance, also chosen by divers and anglers to be easily spotted at sea.
- o Designed with the new rear cones, decreasing the craft's length while maintaining its inner space.
- o XS floor made of aluminium which is exceptionally resistant (see product benefits).

The 470 XS has a new hull which is shaped like a catamaran with 2 small tubes next to the main one. This model can be equipped with an engine up to 60 HP, enabling a rescue team to quickly get to the scene in case of an emergency.

Bow storage locker
(on the 340 & 410)

Internal & external
towing / lifting points

The OCEAN RUNNER boats consist of three new RIBs introduced under the QUICKSILVER brand. With their sportive and dynamic lines they are designed to support the pleasure of the boating. Based on your choice of water activities you can customize your boat with specific accessories packages.

OCEAN RUNNER 290

- For safe intra coastal navigation and ideal for easily shuttling passengers.
- The optional "Junior" single jockey console is perfect for those who are seeking a more sportive look.

OCEAN RUNNER 340

- Boat with a more sporty aptitude ; can be equipped with the optional "Junior" or "Sport" consoles.
- Bow locker will prevent your items from getting wet.
- Ideal for a yacht with davits or rear storage.

OCEAN RUNNER 410, available in three versions :

- Open, with tiller operated outboard engine.
- More sporty version, with double Sport jockey console.
- Comfort version, with Comfort Centre console and 2 man comfort seat.

Accessories

*Remember, life vests float. You don't.
Always use your engine's safety stop lanyard.*

Boat covers
Hi-tech polyester fabric boat covers with vinyl chloride coating.

See dealer for full offering and part numbers

Bow storage bag
Fits on most inflatable boats. Easy to fit, durable water-repellant quality.

PN 62-808646A2

Underseat storage bag
Fits on most inflatable boats equipped with seats easy to fit durable water-repellant quality.

PN 62-808647T

Inflatable boat bow light
Removable base glues to bow, uses 4 penlight batteries for operation.

PN 67-808766

White stern light
Mounts to inflatable boat transom.

PN 62-808768

Quick release fuel tank tie down kit
Founts to transom or floor boards, secures any size fuel tank in place.

PN 62-809610

Attachments / patches
For all boats separately available to meet your personal needs.

See dealer for full offering and part numbers

Outboard lock
For small outboards.

PN 62-14171Q2

Inflatable boat anchor
Covered with soft layer to prevent for inflatable boat damage.

PN 62-831434

Universal flushing device
For salt water outboard motor flushing.

PN 62-44357Q2

12 Volt inflator & deflator
Supplied with universal adapters and battery connectors.

PN 62-803905

220 Volt inflator & deflator
Supplied with universal adapters.

PN 62-8096321

Ski vests & life jackets
Vest with closed sides, CE approved 50N CE 95 EN 393, coated nylon shell and soft foam. CE-approved 100N life jacket, CE EN 395.

See dealer for full offering and part numbers

Pressure gauge
For precise boat pressure can be used with hand and electric air pump.

PN 62-889346

Flushing device
For engines with water inlet under ventilation plate.

PN 62-12612Q2

Specifications

NOTE: Due to our constant efforts to offer the finest products available, Quicksilver inflatables reserves the right to change specifications without notice.

WARRANTY: Brunswick Marine in EMEA backs every 2011 Quicksilver inflatables with a full five-year limited warranty on fabric and air holding seams (except for the DINGHY series for which it is two years).
