

# WEEKEND

**QUICKSILVER®**

A photograph of two men on a boat, likely a Quicksilver speedboat, as indicated by the logo at the bottom. The man in the foreground, wearing a dark polo shirt and sunglasses, is smiling and holding a fishing rod. The man in the background, wearing a white polo shirt and sunglasses, is holding a large fish. The scene is set against a bright, sunny sky with a rocky coastline in the background. The text "Life is now" is overlaid in a white, cursive font across the center of the image.

Life is now

**QUICKSILVER**

Welcome to the Weekend range from Quicksilver.

A range of boats for families, friends, couples, sun worshippers, fishermen...whatever you want to do with your time there's a Weekend boat for you. A boat that gives you the freedom of the water, the freedom of fun and the freedom to be spontaneous. Boats that let you seek out life rather than let it just happen. To enjoy it to the full, carefree and worry-free. Boats with all the power, comfort and practicality that let you get out there. Because life is more fun when you remove the obstacles. It's for living. It's for remembering. It's a journey.

Life is not tomorrow. Life is now.

**QUICKSILVER®**

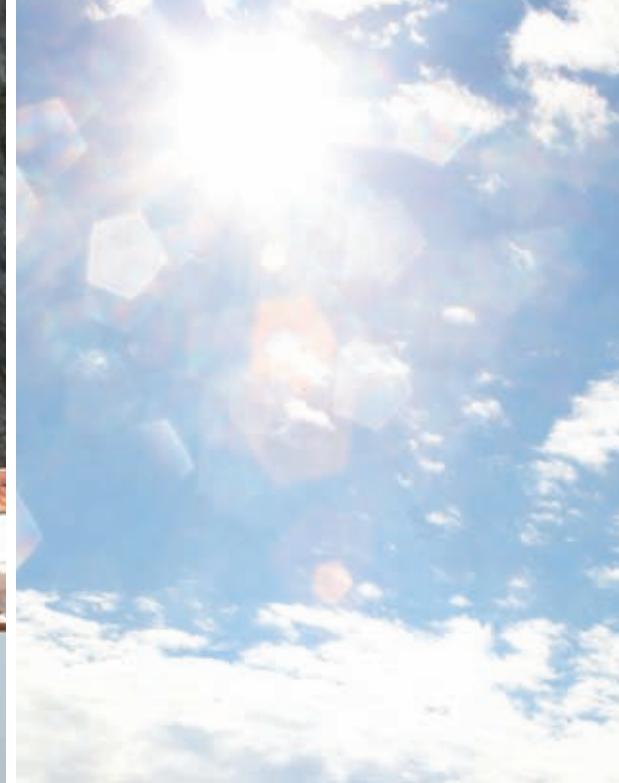

## What will you do with your weekend?

Time is precious. And the moments we get to escape make life more fun. More relaxed. More memorable.

Quicksilver's Weekend boats have everything you need to really get away from it all with family or friends.

From cruisers with unrivalled accommodation, easy access, all round comfort and plenty of deck space to play and relax for a really enjoyable weekend away. Through to a choice of pilothouses built totally around the passion of the most avid fishermen. These well proven boats bring you to your catch quickly and safely with the ability for long-range, economical cruising to reach the furthest fishing grounds.

It's your Weekend. You decide.

The Weekend range has always perfectly blended fun and style with practicality and safety. And the range continues to go from strength to strength now incorporating a range of Pilothouses.

It's been developed with consideration and insight into the needs and desires of boat users resulting in a range of boats that offers you true freedom with all the features you want to enjoy your time to the full. Whether it's the space and comfort for a sociable weekend away on a cruiser, to really useful items like a live bait well equipped with seawater circulation for keeping your catch.

All underpinned by the reassurance of structural and engineering integrity for lasting enjoyment. And with a choice of powerful, efficient and reliable engines to keep taking you where you want to be.

As you can see, we take fun very seriously. So from fishing to just soaking up the sun, you can do it with complete peace of mind.

Welcome to style and substance.

## WEEKEND 700

### Some things are better shared.

The Quicksilver Weekend 700 is made for escaping with family or friends. The perfect cruiser and fisher, it comes complete with three fixed berths, plus two additional convertible berths. Add to that a picnic table, sun pad, deck shower and a useful-sized galley, and you're ready to make a real weekend of it – any time you choose.

## Safety

With the potential for seven occupants, safety is paramount. Navigation lights, a wealth of protective storage space, and a Cummins MerCruiser Diesel 2.0L 150 HP engine, means you're free to roam with confidence, while a bow thruster ensures easier docking and turning no matter where your journey takes you.

## Comfort

Prepare for some serious relaxation. Enjoy a little light lunch on the picnic table. Take in a touch of sunbathing on the sun pad. Or why not watch the sun set from the comfort of a spacious, bright cabin? Along with a galley, including a sink, 100L pressurised water system, cooker and fridge, you won't need anything but good company.

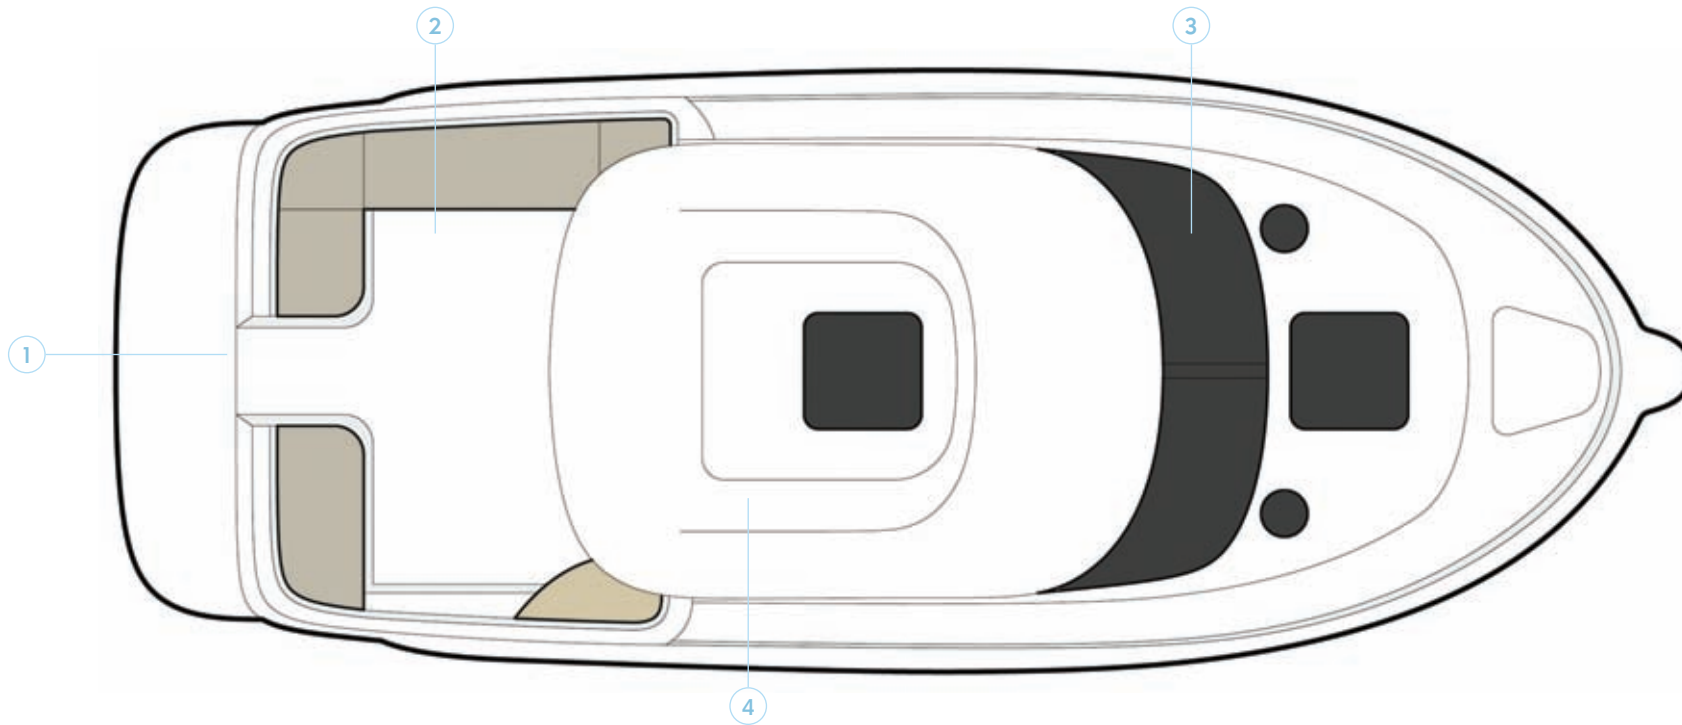

## Versatility

Spacious enough for friends and family. Equipped enough for the most enthusiastic of fishermen. The Quicksilver Weekend 700 puts a range of possibilities at your fingertips. Easy to entertain. Robust enough to guarantee a great fishing weekend. Why have the one, when you can have them both?

## Storage

Good storage should be plentiful, but never intrusive. The Weekend 700 is packed with numerous storage areas, including lockers, side compartments, fishing rod holders and an anchor locker. If you need to take it along, you'll find there's probably a space for it.

1. Large swimming platform to ease access in and out of the water
2. Large cockpit area to relax and enjoy the sun
3. Large window to allow maximum natural light in
4. Wide side deck and handrail on hard top for convenient and safe passage from aft to bow

#### General Specifications

### Time for some serious fun.

For the weekend fisherman who likes his sport with more than a touch of comfort. Roomy enough to get in a good day's fishing outside; plenty of space inside, should the weather take a turn for the worse. Prepare a warm meal, enjoy some well earned rest and relive the best of the day's action with friends.

## Safety

Safety isn't simply an afterthought with the Weekend 640, it's an integral part of the boat. A bright and airy cabin, discreet storage areas, anchor locker, navigation lights, virtually every feature has earned its place thanks to its inherent safety features.

## Comfort

If you take your fishing and your relaxation seriously, then you'll appreciate the Weekend 640. Equipped with a large convertible dining table, 50L pressurised water system, shower deck, double berths, and a galley equipped with cooker plus sink and tap, it's more like a floating apartment than a fishing boat. Add to that thoughtful touches like an electric windlass and an adjustable pilot seat and the only exertion you'll need to make is hauling in your catch.

## Versatility

Well equipped and airy, the Weekend 640 combines ability and comfort without compromise. Day-tripper, overnighiter, or serious weekender, the Weekend 640 delivers them all and more.

Available as:

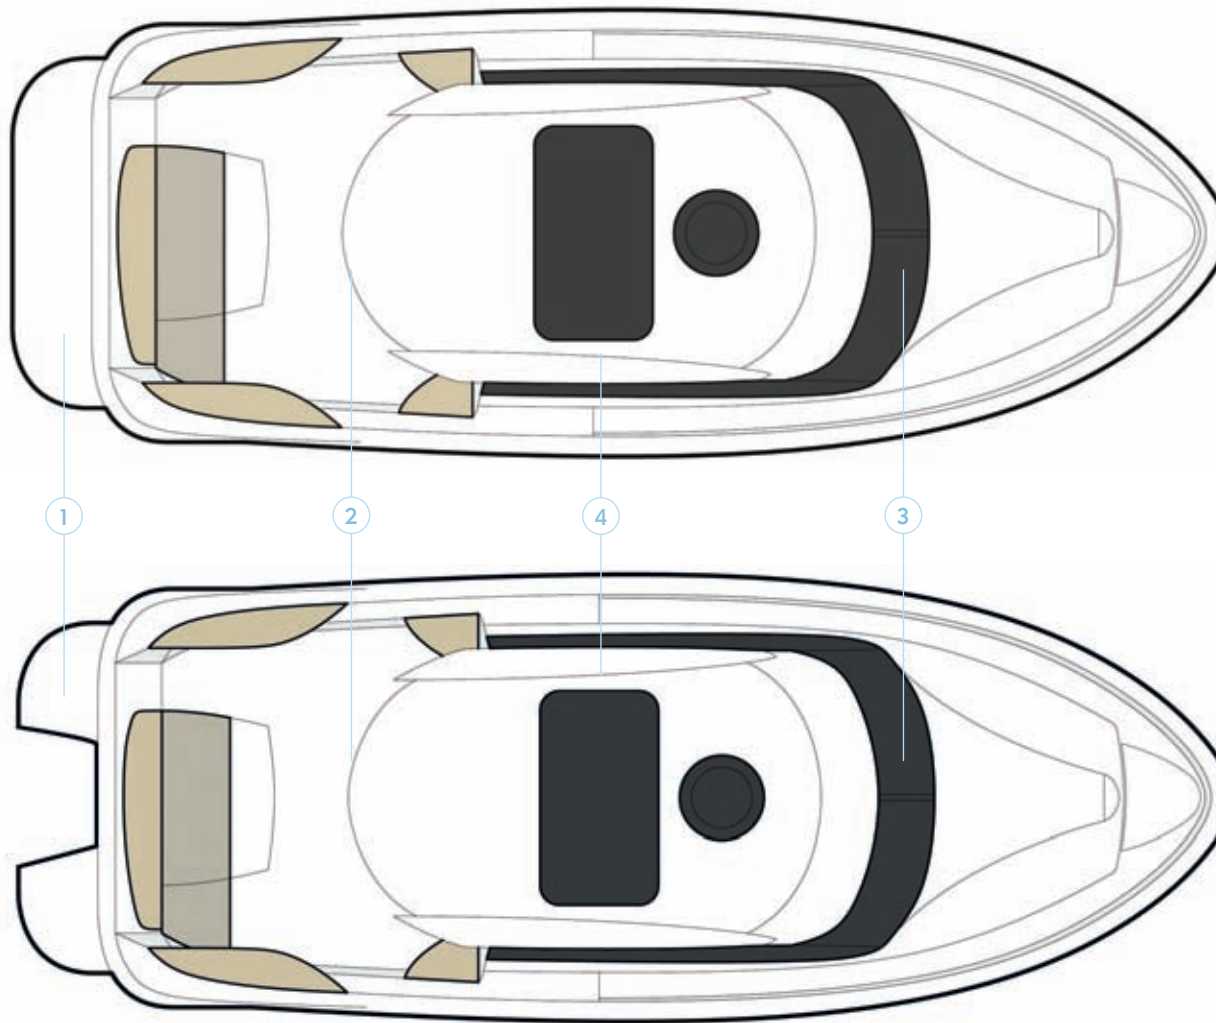

**Outboard** - agile and easy to maintain. Also with Verado pre-rigging.

**Sterndrive** - offering diesel economy and a spacious swim platform.

## Storage

Those fun-filled weekends need plenty of extras. That's why the Weekend 640 comes with a wealth of storage compartments, including fishing rod holders and an anchor locker. Storage simply won't be a problem.

1. Large swimming platform to ease access in and out of the water
2. Large cockpit area to relax and enjoy the sun
3. Large window to allow maximum natural light in
4. Wide side deck and handrail on hard top for convenient and safe passage from aft to bow

## WEEKEND 640 PH

### The next level.

If fishing is your consuming passion, then the Quicksilver Weekend 640 Pilothouse was created for you. A large cockpit features removable transom seats to deliver even greater space when fishing, while the transom features a live bait well equipped with an electric pump for seawater circulation. The Weekend 640 Pilothouse will take your fun and your sport to the next level.

## Safety

To help you set your sights on a great fishing trip, the designers of the Weekend 640 Pilothouse kept a keen eye on safety. From clear navigation lights for signalling to grab rails on the bow, to the convenience of a sturdy swim ladder and an electric windlass for easy, worry free anchoring, nothing has been overlooked.

## Comfort

A good weekend's fishing needn't mean having to rough it. From a bright and airy cabin to double berths, a picnic table to plenty of premium deck space, you'll find so many thoughtful features you won't want to come ashore.

## Versatility

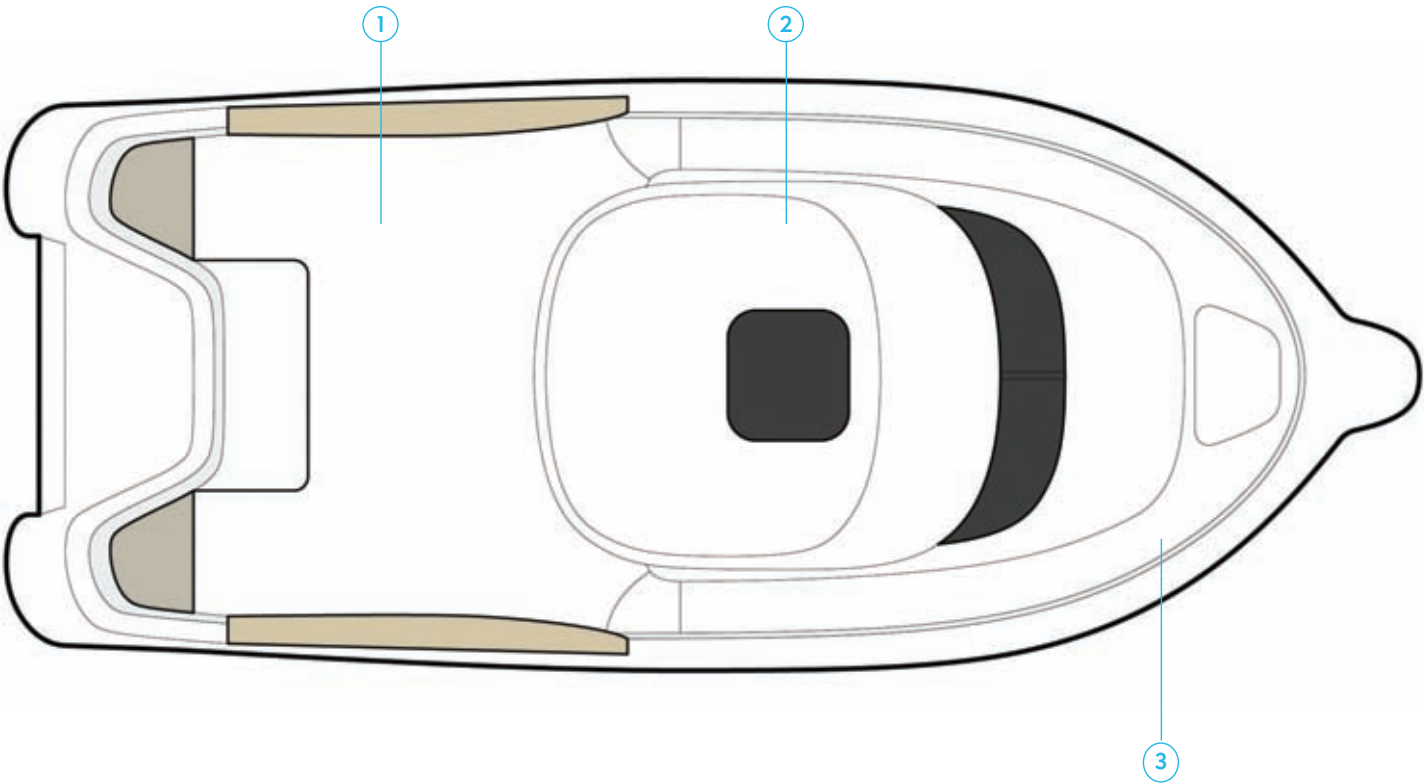

Perfect for one. Ideal for two. The Weekend 640 Pilothouse delivers more than serious fishing – it ensures an incredible fishing experience. From a live bait well and pump to the picnic table and cooker that prepares your catch of the day, no other serious fisher comes close.

## Storage

Forget the clutter. The Weekend 640 Pilothouse comes with a wealth of storage compartments, including fishing rod holders and an anchor locker. You'll have never felt so organised.

- 1. Large and clear cockpit to ease circulation and fishing
- 2. Wheelhouse completely enclosed with a sliding door to protect you against inclement weather
- 3. Large walk around to ease circulation while fishing

The Quicksilver Weekend 580 Pilothouse packs all the features of the Weekend 640 Pilothouse, yet it does so within a slightly shorter frame. As a result, the Weekend 580 Pilothouse is a superb option for the keen fisherman. With double V-berths and a co-pilot seat, you're free to leave the world behind or team up with a friend.

### Safety

A slightly smaller boat doesn't mean safety is compromised. In fact it's quite the opposite with everything you'd expect on board to put you at ease out on the water, from clear navigation lights for signalling to a windscreen wiper to maintain visibility, a robust swim ladder and a bilge pump as standard. There's even an electric windlass for safe, easy anchoring.

### Comfort

When you're spending a busy day fishing it's good to know that the sliding door is effortless to use and gives easy access to the cockpit, while below deck there's all the welcome comfort of a bright cabin with double V-berths for a well earned rest. There's also a chemical WC for added comfort.

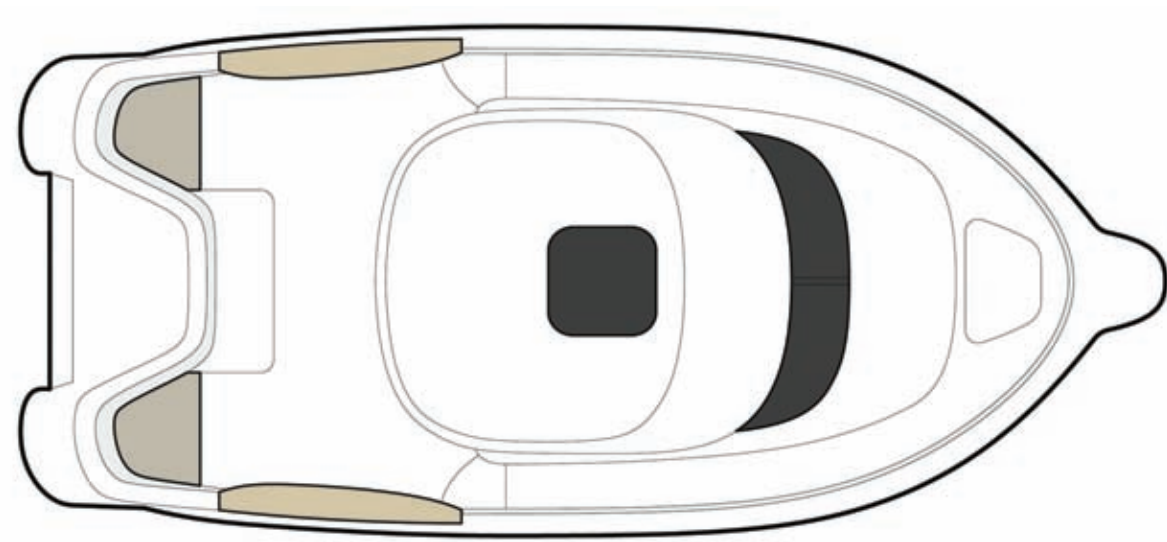

### Versatility

The Weekend 580 Pilothouse is a real all-rounder with good storage, a cooker for making something tasty with all the catch from a great day's fishing, a removable chopping board to help with the cooking and a handy picnic table perfect for a quick snack or a more leisurely and sociable meal watching the sun go down.

### Storage

Space is maximised with well thought out storage including a conveniently placed anchor locker plus a bow roller to make lowering and raising the anchor quick and easy and fishing rod holders. There's even a place to store your catch with a live bait well equipped with an electric pump for seawater circulation.

## WEEKEND 580 PH

Maximum Power (kW)	91.9
Maximum Engine Weight (Kg)	185
Recommended HP	90
Recommended KW	66.2
OB Shaft Length	L

As a company committed to continuous product improvement specifications are subject to change.

The Quicksilver Weekend 530 Pilothouse is paradise for any keen fisherman. Maximum space and light is created by the perfect combination of the open-backed cabin with a unique skylight. And if you want to make a great day's fishing really last there's a lockable cabin forwards with room for overnighting.

### Safety

A slightly smaller boat doesn't mean safety is compromised. In fact it's quite the opposite with everything you'd expect on board to put you at ease out on the water, from clear navigation lights for signalling to a windscreen wiper to maintain visibility, a robust swim ladder and sturdy grab rails for safe, easy access to the bow. There's also a bilge pump as standard.

### Comfort

You'll always feel comfortable on board the Weekend 530 Pilothouse with the spacious, light and airy cabin, easy access around the boat and, when it's time to really unwind, a bright cabin with double V-berths for a well earned rest.

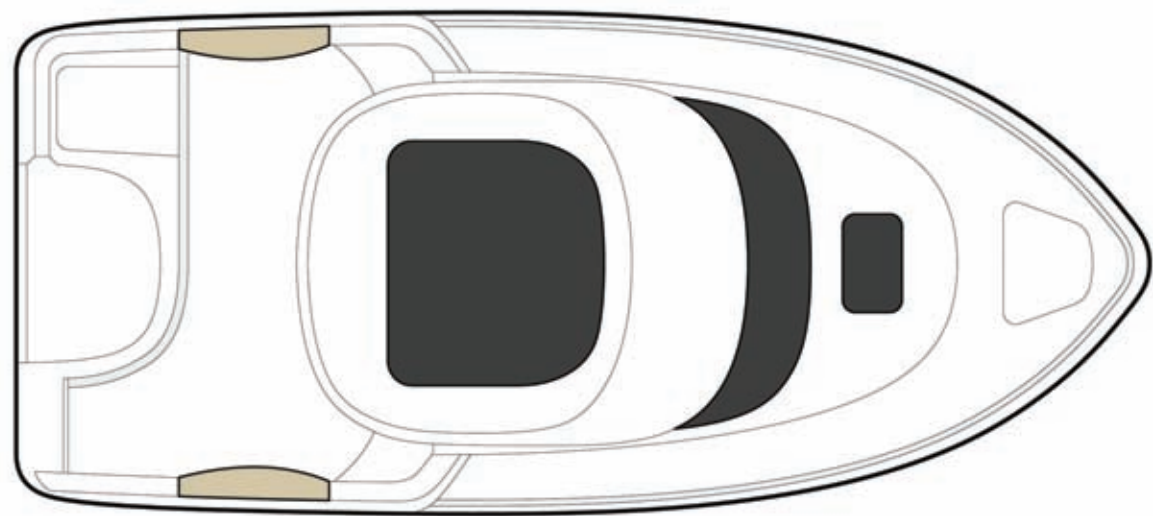

### Versatility

The Weekend 530 Pilothouse is versatile through and through. Right from the folding co-pilot's seat that creates more space to the picnic table that will see you through the day, from a hearty breakfast to an evening meal savouring the day's catch and the best moments.

### Storage

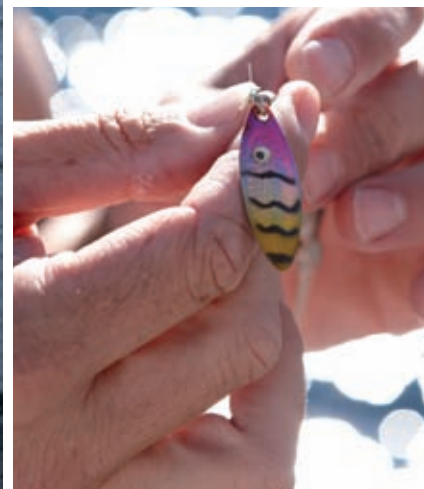

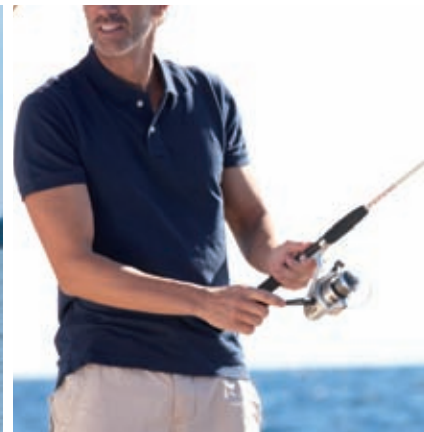

Considered storage throughout the boat is there to make every trip easy and enjoyable. A well-placed locker keeps the anchor out of harms way, while the bow roller means you can lower and raise the anchor without scratching the deck or hull. And naturally there are holders for your fishing rods.

Welcome to the compact boat for fishermen that's big on versatility, comfort and practicality. Clever design means you can have the best of both worlds thanks to an offset cabin that gives you more room sheltered from the weather when you need it without sacrificing a secure portside passageway forward. So the Weekend 500 Pilothouse might be compact, but it thinks big.

Safety

With clear navigation lights for highly visible signalling, a windscreen wiper to maintain good visibility, a sturdy swim ladder to make getting in and out of the water safe and easy, a bilge pump as standard and hydraulic steering for smooth, fast yet safe driving, this is a boat that's built totally around your peace of mind.

Comfort

Time to escape and unwind. You've got all you need to take it easy, from all the space you want on deck to a roomy fishing cockpit and a bright offset cabin complete with berths for when a day of fishing turns into a whole weekend of fun and pursuit.

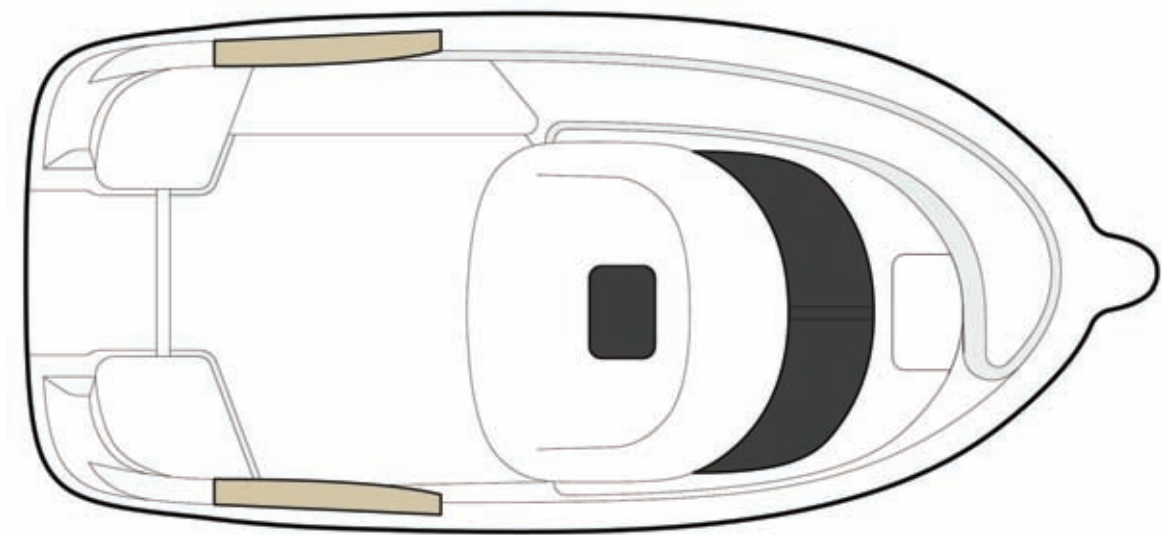

Versatility

The Weekend 500 Pilothouse is the perfect fishing vessel combining useful space to get around the boat with room to shelter from the elements and all the practicality, comfort and safety you need to make your fishing trip really relaxing and worry-free.

Storage

The Weekend 500 Pilothouse boat has far more space and storage than you'd usually expect on a boat of this size. There's storage throughout the boat, including holders for those all-important fishing rods, an anchor locker to keep it safely out of the way plus a bow roller for lowering and raising the anchor.

# The power to escape

Once you become a Weekend owner you have the power to change everything. To leave behind the everyday. To be free whenever you want. To make every moment count. All you need do now is decide how much power you need.

Whether you choose Mariner, Mercury or MerCruiser, each one offers its own distinct range of benefits. Talk to your dealer to find the right outboard or inboard power system for you.

## Outboard motors

### 4-stroke

Intake, compression, power, exhaust. The four stages of the four-cycle combustion. As every combustion series consists of four discrete stages, 4-stroke engines tend to be quieter, smoother and more fuel-efficient than traditional 2-strokes - all the while producing lower emissions.

### Verado® supercharged

Before Verado®, conventional 4-stroke outboards were reliable, but disappointing on performance. The revolutionary Verado® 4-stroke changed that by combining unmatched acceleration and responsiveness, unbeatable torque, precise control and ultra quiet operation with industry-leading reliability.

### OptiMax®

A Direct Injected engine that combines the heart, soul, speed and power of a traditional 2-stroke, but with the advantages of a 4-stroke. Its unique two-stage injection system creates a remarkably complete combustion - which means you can have a great time on the water while feeling good about conserving fuel and producing fewer emissions.

## Inboard motors

### Sterndrive Engines:

**MerCruiser 3.0 TKS & MPI (135 HP - 101kW)**

**MerCruiser 4.3 MPI (220 HP - 164kW)**

From the reliable performance of the MerCruiser 3.0 TKS/MPI to the stronger MerCruiser 4.3 MPI, you have all the power, efficiency and value you're looking for.

- Extra-large displacement produces power with plenty of torque.
- Industry-exclusive 3-year limited corrosion warranty.
- Optimised intake manifold for improved fuel atomisation and smoother power delivery.
- Revised fuel calibration for crisp acceleration and smooth running quality.
- Low restriction flame arrestor for added horsepower and torque.
- 3-year/300-hour maintenance interval on many periodic service items saves time and money.
- Helm-mounted Audio Warning System monitors for oil pressure, engine temperature and drive lube level - provides instant alarm if any of these vary from normal operating values.
- Available MerCathode® galvanic corrosion prevention system offers unmatched active electronic corrosion protection.
- The Alpha® sterndrive delivers reliable performance in a value package.

**Cummins MerCruiser Diesel (CMD) 2.0L 130 HP (96kW) Weekend 640 and 2.0L 150 HP (110kW) - Weekend 700**

Combining the quiet, smooth performance of a traditional gasoline with the durability of a diesel, this four cylinder compact powerhouse features an advanced ECM with SmartCraft® compatibility to monitor various engine parameters. The QSD2.0 also features advanced components like the integrated heat exchanger and exhaust manifold, which also help reduce overall package size. Impressive acceleration and precise throttle response are the result of a 16 valve cylinder head and a proven common rail fuel system that includes a turbocharger and seawater aftercooler.
