705 CRUISER

Easy living

The sporty, spacious and very individual Activ 705 Cruiser is a boat that's made for being on the water. And makes every voyage an adventure. With room for eight people, the permanent galley and spacious dining area make those moments spent with family and friends, extra special. While the private berth and enclosed toilet are just part of the on-board comfort that makes the overall experience a real pleasure.

Turn heads with an optional striking black and white hull design with electric blue accent line. Three optional packs even allow you to tailor your boat to your exact needs such as Cruising – including cool water shower and extended L seating;

Cruising Deluxe including sea toilet and fridge; and Electronic – including a GPS system and stereo.

Safety

Safety is naturally paramount on such a fine craft. You'll find carefully positioned handrails, a top quality ladder and better cockpit access from the large swimming platform than in similar boats in its category. High freeboard and a non-skid surface make it a secure on-board environment for up to eight passengers of all ages.

Comfort

When it comes to cruising, the easy to use helm design allows you to take control either standing or from the comfort of the double helm seat. The permanent galley and large dining area make entertaining very enjoyable. While the cruising pack options add touches such as extended seating benches, cabin curtains and 12V fridge.

Versatility

The highly flexible nature of the Active 705 Cruiser makes life at sea a real breeze. The large dining area easily becomes a double berth while the versatile cockpit can be converted from fishing to social area in which to dine on your catch.

Storage

Every area of the Active 705 Cruiser has been designed with practicality top of mind. And when it comes to storage you'll find ample is provided underneath the seating in the cockpit and beneath the private berths.
