THE LEGEND LIVES ON

Moving fast across the water is the stuff of Mariner two-stroke legend but the good news is that this class is not only all about speed.

With typical attention to detail, Mariner have ensured that the fun is shared in equal measure with a good injection of long-term reliability backed by low maintenance requirements.

Light weight ensures an excellent power-to-weight ratio which in turn brings economy and handling benefits, not to mention easier portability.

MAKING HARD WORK LIGHTER

Making a living on the water can be hard work. You need the help of a Mariner Marathon to lighten the load.

Every Marathon undergoes rigorous testing in the most unfriendly of conditions before it is approved. These are tough engines for the toughest of jobs.

The Marathon family of workhorses starts with the 262 cc 15 hp and runs through 25 hp, 40 hp, 55 hp, 60 hp and 75 hp models.
