

RANGE & SPECIFICATIONS

UTTERN

ONCE YOU DISCOVER THE FREEDOM WITHIN SUDDENLY LIFE HAS NO LIMITS.

Freedom is all about having the space to be your true self. In listening to our customers, we have found how best to refine each element of our craft to make them the best they can be.

Always guided by simplicity and functionality, nothing is superfluous, we bring you real solutions that meet your practical needs. With features such as the integrated

all-weather canopy and generous, convivial cockpit we ensure you get the most out of your time on the water.

Here are boats with an inner sense of confidence, where understated, classic Scandinavian style meets everyday practicality. Come rain or shine, an Uttern boat is created to take you where you want to be. To freedom within.

Discover the world of Uttern.
www.uttern.com

DESIGNED AROUND YOU, BUILT FOR THE REAL WORLD

Explore hidden shores. Relax on deck. Take a dip from the swim platform. Enjoy sunny days and gentle breezes. Inspired by classic boat design, yet with a thoroughly contemporary feel, an Uttern allows you to escape and discover a sense of natural simplicity. From our trademark classic shapes and flowing symmetry to a strong sense of practicality, so many things come together to make your Uttern boating experience special, wherever your journey takes you.

Whatever the weather, our boats are built to handle Nordic conditions and the unpredictable power of nature. Robust and stable in the water, they are characterised by their spacious freeboard and conveniently-placed grab rails. A generous cockpit depth and a high line add to the feeling of confidence and safety without restricting access to the water. And should the weather take a turn for the worse, the integrated canopy can be quickly deployed to keep the elements at bay.

Together with the finesse of the overall finish, every aspect has been carefully engineered to ensure each feature is integrated seamlessly. With practicality always at its heart, navigation on and off the boat is easy whilst the stern houses a versatile cockpit with ample storage.

Welcome to Uttern, the considered choice.

THE PREMIUM EDITION

THE BEST WAY TO GET THE OPTIONS YOU NEED

People are different. So why should every boat be the same? We have designed our boats for optimal use, but we know that everybody has their own preferences. That's why we are introducing the Premium Edition.

The Premium Edition gives you what you need: a variety of option sets that are most frequently requested by our customers. So you can be sure you get the options you want. They also save you an average of 10% to 15% when compared to ordering options separately.

Best of all, the Premium Edition has short delivery times and is probably already available at your local dealer right now – you'll be on the water before you know it.

D77

THE STANDARD-BEARER

FOR DAY-CRUIISING

Wherever you want to go this weekend, the D77 will take you there in comfort and style. The D77 accommodates nine and up to four people for overnight cruising. It is ideally suited for refined sport and leisure use with family and friends.

Designed for fast and stable cruising, the D77 offers powerful performance and uncompromising safety that really go the distance. Superior navigation equipment, ergonomically designed pilot and passenger seating and refined accommodation facilities all combine to provide the complete luxury package, whether it's for skiing, water sports, island hopping or coastal cruising. Plus, with its top engine configuration of twin 200hp Verado Mercury outboards, the D77 offers a performance that few others in its class can match.

The last word in versatility and comfort, the D77 is packed with luxury options fitted as standard. Laminated teak decking and flooring. A teak dining table that suited for five people. Three different cockpit configurations from comfortable cockpit seating to dining area to spacious sun lounge.

Not to mention safety and convenience features such as the high stainless steel bow guardrails, wide steps to the bow and twin aft swim platforms.

With overnight accommodation facilities designed to cater for up to four adults, the D77 offers a spacious and airy double forward cabin, twin mid-berths, a practical yet private marine toilet with its own window and a robust and practical galley with a refrigerator, fresh water system and stove. The interiors are fitted out in elegance and style, with eye for detail in the upholstery finishing and cabinets giving an overall impression of space and ergonomic design with a sense of refinement.

The D77 can quickly transform into a stylish performance day boat for up to 9 people, offering multiple configurations for fun and leisure use with family and friends. Moreover, its excellent sea handling and intelligent options such as windscreen wipers and defrost mean that you can enjoy the D77 in most weather conditions and throughout the year.

Premium EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

Height - without canvas (m)	2,26	Maximum number of people	9
Dry weight without engine (kg)	1848	Maximum power (hp)	400

D62

WHERE DO YOU WANT TO GO?

The ease of access through bow and stern; the well thought-out cockpit; the seamless integration of the features. The D62 allows intelligent design and engineering to work as one.

From the reassurance of rugged decking to the classic horseshoe seating and bow cabin for sleeping or storage, this is an easy-going experience. Feeling hungry? You're free to quickly convert your cockpit into a relaxed dining area that comfortably seats six people. Looking to soak up the sun? You'll soon be lying in one of the biggest sun decks in its category.

A wealth of stowage under the seats means you'll have plenty of room for all those little extras. Getting on and off board couldn't be easier with access points at the bow and the stern. Anti-slip steps provide extra grip as well as an integrated stainless steel ladder that is ready for every eventuality.

Even the weather won't pose you a problem. A unique integrated canvas canopy neatly stows away when the weather is fine, and can be easily raised should the weather worsen. A high sheer line and a deep cockpit add even more confidence and greater protection in all weathers.

What's more, that attention to detail flows throughout the boat. A specifically shaped locker for the fender maximises the use of available space, large stairs make for safe access to the bow, while a swivel cockpit seat makes this a very sociable boat.

Descend into the cabin and you'll find everything equally considered there, too. A large foredeck hatch provides good ventilation and lighting as well as plenty of bow storage to help keep everything neat and tidy. A marine flush toilet is available as an option.

Choose our exuberant Premium Edition and add even greater style and comfort.

Premium Edition
Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15 % when compared to ordering options separately and this edition is probably already available at your local dealer right now.

D62 PRODUCT FEATURES

- | | | |
|--------------------------|---------------------------|---|
| 1. Ladder locker | 5. Storage under aft seat | 9. Co-pilot storage / cabin access |
| 2. Fender storage locker | 6. Storage under seating | 10. Table and electric cool box storage |
| 3. Anchor locker | 7. Deck hatch | 11. Swivel bolster seat (pilot and co-pilot) |
| 4. Canopy locker | 8. Helm | 12. Cabin with double berth and optional sea toilet |

D62 PRODUCT SPECIFICATION

Length overall (m)	6,33	Fuel capacity (l)	160
Beam maximum (m)	2,39	CE design category	C
Height - without canvas (m)	1,79	Maximum number of people	7
Dry weight without engine (kg)	1135	Maximum power (hp)	200

Simplicity is key on board the D62. The versatile central cockpit table can be quickly pulled up from under the floor hatch for dining – or a sunpad added to the table top to create a generous sundeck area. And when it comes to getting on and off, the D62 makes it all effortless.

There's easy access via bow or stern with sure footing provided by the decking. For added confidence, in addition to an anchor at the stern, the boat is also harnessed at the bow for enhanced balance and stability, while the rub rail provides protection for the hull.

D57

DAY CRUISING WITH NO
COMPROMISE

Motor Boat of the Year Award 2012

The Uttern D57 is a compact version of our highly popular D62. A Scandinavian-style boat with a soft sporty feel, it takes dining, relaxation and sports in its stride. The trademark Uttern flair for design has been once again put to good use in its design of a new hull, already acclaimed for its dependability and comfort.

Maintaining flexibility and comfort is the key to creating a successful day cruiser, and it is nicely showcased here in the spacious cockpit with its convivial cocktail dining table to seat 5, which simply packs away when required to leave space to stretch out in the sun. An integrated 12v cooler means chilled food and drinks are always on hand even on the longest, warmest days. Easy, stepped access to the water at the stern is combined with a good cockpit depth for a secure feeling on board, even with young passengers. The addition of a ski mast adds an exhilarating option for those who enjoy their water sports.

A downpour does not spell disaster here, as the full enclosure canopy can be quickly and easily deployed. When not required, the canvas packs neatly away thanks to its integrated canvas storage system, which also has space to store other items such as navigation lights and water ski mast. What's more, this boat also has the best integrated bow-to-stern water management system, featuring gasketed door and bow floor drain.

The D57's large foredeck hatch makes life below deck a light and airy experience whilst 4 storage compartments over the transom help keep life aboard uncluttered and organised. Behind its good-looking, fun-loving exterior, however, serious thought has gone into providing a range of safety features which come as standard. Hydrologic steering, a sport steering wheel, compass, Smartcraft gages (tach and speedo) and mooring equipment are all there to ensure your journeys go smoothly and safely. For good looks that last, hardwearing antifouling paint finish and laminated teak floors also come as standard.

Looking for additional comfort? Then the Premium Edition will give you what you need.

Premium Edition
Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

T62

TAKE LIFE AS IT COMES,
WITH PLEASURE.

Thanks to its generous, versatile cockpit with a classic horseshoe shape and spacious front deck seating, the T62 makes the ideal environment to spend time with friends and family.

Offering a wide range of practical innovations, the T62's cockpit easily converts into one of the largest sunpads in its class. It equally converts into a comfortable dining area for six. And that's just the start of the fun. There's a dedicated waterskiing pole for whenever the mood takes you and, when you want to really cool down, a wide stern creates a bigger area to make getting into the water easier.

Naturally, where fun is a priority, safety is paramount. That's why the T62 comes with a range of features. A deep cockpit and high freeboards make for greater peace of mind when children are on board. Anti-slip steps keep everyone safe, while conveniently placed handgrips ensure getting on and off the boat is easy – whether that's through the bow or the stern.

And should the weather try to spoil your day, an integrated canvas canopy cleverly hidden within the body of the boat can be quickly deployed to keep everyone happy.

Seeking an even greater sense of fun and style? Have a look at the Premium Edition.

Premium Edition
Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

T57

THE GREAT ESCAPE

You'll have no trouble surrounding yourself with friends and family in this sporty and generously-proportioned bow rider. The T57 has the most capacious bow area in a twin console boat, with a generous u-shaped seating area which converts into a luxurious sun deck, making the perfect environment for relaxing family trips and a sporting day out with friends.

As ever, intelligent use of space is a key feature, so the integrated stowaway compartments include multi-use storage area for bulky sports equipment such as the ski mast but also dedicated storage for the fully enclosed canvas. This is also the only boat with 4 storage compartments over the transom area, so dining, diving, fishing and skiing gear can all be easily accommodated. A 12v cooler is a welcome option for many, keeping food and drinks delightfully fresh on the longest hottest days.

Uttern's flair for practical features is further showcased with its integrated deck water management system; running from stern to cockpit it features a gasketed door and bow floor drain. The optimal design of the boat marries good cockpit depth with easy access to the water for a secure feeling afloat.

With a wealth of features which are conspicuously absent in its competitors' equivalents, the T57 gives you an enviable combination of space, style, practicality and comfort for convivial days on the water.

You can further personalise the boat with the Premium Edition, adding that extra touch of style and comfort.

Premium Edition
Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15 % when compared to ordering options separately and this edition is probably already available at your local dealer right now.

T51

SMALL PRICE, BIG CONCEPT

This fun and affordable bow rider is backed by serious design and technology. Whether you plan a romantic getaway, adventuring with friends or a family day out, the T51 packs in all the features you need to enjoy yourselves in style and comfort. You will appreciate its fuel efficiency and its design for simplified boat maintenance: ownership of a T51 a far less costly and complicated affair than you might have imagined. We've put a lot of work into keeping things simple for you.

When you step aboard the T51 and feel that sense of serenity and security, it's because our designers have been busy behind the scenes on your behalf, perfecting all those features which make a day on the water a breeze. Look closely and you'll notice the optimal cockpit depth, the high freeboard providing greater security and stability especially for young passengers. Handrails are handily but elegantly placed throughout to ensure ease of access on and off the boat. Bow seating with back rests give a secure forward-facing position providing a great view of where you're heading. And once you're speeding along, you'll appreciate the way the wraparound windshield protects you from wind.

In the competitive world of compact bow riders, the T51 also stands out due to its remarkable use of space. With best-in-class bow seating, you'll enjoy the surprising amount of room you have to stretch out and relax. Flexibility is key here: the spacious bow area can also be converted into a sundeck to make the most of great weather, another feature not usually available in boats of this size. A cockpit dining table option means a convivial space can be quickly created, and just as quickly packed away again into its dedicated below-deck storage space.

This compact beauty also takes sporting days in its stride: stepped bathing platforms providing easy access to the water at the stern and the integrated swim ladder packs safely away when not in use. Fishing gear can easily be stored beneath the seats.

Intelligent storage solutions contribute to the sense of uncluttered space and ease aboard. Every item here has its own dedicated storage area, including anchor and mooring equipment, table and bow cushions. In addition, there is plenty of additional storage space beneath the ample rear and bow seats and below the deck for your own items.

Uttern offers as standard a wealth of technical and stylistic features which come only as optional extras in competitors' equivalents; add to this a competitive price tag and you have an irresistible boat with universal appeal.

For those looking who want to go even further, we offer the Premium Edition.

Premium Edition
Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S62

UNBRIDLED VERSATILITY FOR
LEISURE WITHOUT LIMITS

Designed with practicality, comfort and flexibility in mind, the S62 has a wealth of intelligent design features to make a day's boating trip a breeze. The flexible layout means it adapts effortlessly to your needs: the bow section seating quickly converts to provide either a dining area for 7 or a spacious sundeck. If the weather turns, a quickly-deployable cockpit canvas provides complete rain cover, whilst integrated water drains on either side of the console help ensure that even in the heaviest downpour the interior remains cosy and dry. When the sun comes out again, the canvas folds away in the integrated storage area beneath the top step.

Safety and ease of movement on board have been maximised. There's the stepped stern design and sturdy fold-out swim ladder giving easy access to the water, the high freeboard maximising the sense of security on board and a large console storage area designed with front access for greater convenience. The large console storage space also has the option to an integrated sea toilet, unique for a 6m boat.

Not an inch has been wasted in the S62's design, with handy storage spaces for anchor and mooring materials, and storage beneath the rear seat providing a great space for large items such as skis and bags. The bow seats also have large storage spaces beneath which are great for keeping bathing and dining items to hand. There is even space in the bow for a possible additional anchor.

You'll find that the kind of safety equipment which others offer as added extras comes as standard with an Uttern. The S62 comes complete with a chart plotter and depth meter, mooring package and Smartcraft instrumentation. Navigation lights and electro hydraulic steering ensure smooth and safe navigation. Nor are style and comfort optional extras; anti-fouling paint, laminated teak flooring and console and seat covers are all standard-issue features.

You can add your own individual touches for a truly luxurious and unique feel, with the Premium Edition.

Premium Edition

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

With its superior design, intelligent use of space and unbridled versatility in an ultra-compact package, the S62 gives you all the thrills without the spills.

S57

UNCOMPROMISED SECURITY

ON BOARD

Showcasing the best of Scandinavian boat design, the S57 is a sociable new open console boat that is versatile enough to take on the most unpredictable climates and come up smiling every time.

You'll notice that the outstanding feature of the S57's design is its central console, creating a balanced feel for navigation and giving unrestricted ease of movement from bow to stern. With this sense of freedom also comes a feeling of security, provided by the deep cockpit and high freeboard, making it safe for even the youngest passengers. Access to the water remains simplicity itself, with 3 steps down to the swim platforms plus an integrated swim ladder for absolute ease in and out of the water.

What's more, the ample space aboard is marvellously versatile, so the spacious U-shaped bow seating area also converts into a sundeck, creating a perfect space for sporting use or simply making the most of the sunshine. Additional seating is provided in the bow section. For convivial moments, a 6-person cocktail dining table can be quickly erected in the bow area,

packing away again into designated under-deck storage space when not in use.

All seating areas have storage spaces beneath them, creating substantial areas in which to stow water-ski equipment, fishing rods, etc. Anchor, mooring equipment, swim ladder, navigation lights, ski mast and canvas cover also all have their own designated storage spaces meaning everything you might need aboard packs neatly away when not in use for a supremely uncluttered feel. Indeed, with best-in-class console storage no other boat of its size gives you as many storage possibilities as the S57.

As well as a range of engine sizes for power and fuel efficiency options, you'll be impressed by the range of equipment which comes as standard here. The hydrologic steering, SmartCraft tachometer and speedo, navigation lights and mooring package make boating easy, whilst inclusive laminated teak flooring and seating cushions create a luxurious finish. Our standard use of anti-foul paint creates good looks that last.

With our Premium Edition you can really make the S57 your own and take sports, comfort and relaxation for the whole family to the next level.

Premium Edition

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15 % when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S51

INTELLIGENT DESIGN

The smaller the boat, the more important its design is! The S51 is packed with intelligent features to ensure that whatever you want to do, the S51 helps you get the most out of your time on the water. The large bow section can accommodate a table for a picnic lunch, then quickly be converted into a sundeck where you can stretch out, relax and soak up the sun. Those who enjoy watersports will find themselves well provided-for with stepped bathing platforms at the stern, integrated swim ladder and ski mast. Equally, those using their boat for transporting goods will find that the bow area can be cleared up to create plenty of uncluttered space.

What distinguishes the S51 from many other boats in its category is its ingenious layout, offering unparalleled ease of movement, comfort and convenience. The large side console offers wind protection, whilst the steering wheel is positioned

centrally to ensure balanced navigation. The console position also makes it easy to move directly from the rear to the bow. Access is possible either from steps at either stern or bow, and handrails all around the boat ensure that it's always safe and easy to do so.

Not a single inch of space is wasted here, with varied storage beneath all seats. The extended bow seating is long enough to comfortably accommodate items such as skis and fishing rods, an unusual feature on boats of this size, whilst beneath the rear seat is a huge space with an easy-access fiberglass cover. Meanwhile, anchor, ropes, fenders and swim ladder all have dedicated storage spaces, keeping things safely out of the way until needed.

Premium Edition

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 15% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S45

THE ADVENTURE STARTS HERE

The Uttern S45 combines all the ingredients for safe cruising in an ultra-modern, versatile and ergonomic package. Step aboard with family and friends and cast off for a smooth and relaxing ride. The S45 is great for cruises along the coastline, on lakes and rivers.

The Uttern S45's ultra-modern hull, deep cockpit and unsinkable design make coastal cruising and island hopping a breeze. The boat is packed with intelligent design features – such as anti-slip flooring and easy-grip railing – to ensure the safest possible ride. Easy and secure access to the boat is ensured through the convenient swim platforms that serve as step into the boat. At the bow a clearly defined step and high grab rails provide confidence. The S45 can be motorized with up to 60 horse power. The responsive controls and easy-

to-read instrumentation, on the other hand, turn navigation into child's play. And with an extra-large windscreen, you and your passengers can enjoy the best weather protection.

There are dozens of ways to enjoy the water – from cruising and bathing to fishing, recreation and transportation – and the Uttern S45 is equipped for each and every one of them. Despite its compact size, the interior feels spacious and is easy to move around, even when at speed. Its versatile interior, easy access, large bathing platform, ingenious storage solutions and comfortable seating for up to 5 people make it the ideal companion to delight your passengers, whatever their fancy. The cushions have a modern design and are made of enjoyable fabrics. Their practical shape makes it easy to store them onboard.

But perhaps the best thing about the Uttern S45 is what you do with it out of the water. Namely: next to nothing! What very little maintenance the boat requires is as easy to perform as 1, 2, 3 thanks to its ample gates providing easy access to the rigging and electrical systems. And its incredibly light design and secure hooks make transportation almost as easy out of the water as in.

S45 PRODUCT FEATURES

FREEDOM TO CHOOSE.

THE VERY BEST IN ENGINE POWER AND NAVIGATION.

Choose among our vast range of robust and powerful Mercury outboard engines, the most appreciated of all time. You'll have the very best and most up-to-the-minute engine power to take your boat out to enjoy the delights of the water.

Moreover, you will benefit from a national and international network of dealers for service.

Additionally, a five-year warranty programme is applicable for all eligible Mercury outboard engines*. The programme will be offered to owners of new Mercury outboard

engines**. The warranty applies to Mercury Verado® and FourStroke engines purchased in Europe, the Middle East, Africa and the CIS region. The five years of comprehensive factory-backed coverage includes labour for failures caused by defects in material or workmanship. What's more, the new warranty is transferable if the engine is sold within the five-year period. The warranty applies to recreational use only.

* Conditions and exclusions apply.

** Provided that all extended warranty conditions are met.
