

The background of the advertisement is a scenic photograph of a coastal landscape. In the foreground, there is a rocky shoreline with dark, wet stones and some sparse green vegetation. The middle ground features a calm body of water, likely a fjord or a large lake, with several birds (possibly swans or geese) swimming and others in flight. The water reflects the bright sunlight, creating a shimmering effect. In the background, there are rolling hills and mountains under a clear blue sky with a few wispy clouds. The overall atmosphere is peaceful and natural.

UTTERN

MODEL YEAR 2018

INSPIRED BY **Nature.**
BUILT FOR **Scandinavia.**

ONCE YOU DISCOVER THE FREEDOM WITHIN SUDDENLY LIFE HAS NO LIMITS.

Freedom is all about having the space to be your true self. In listening to our customers, we have found how best to refine each element of our craft to make them the best they can be.

Always guided by simplicity and functionality, nothing is superfluous, we bring you real solutions that meet your practical needs. With features such as the integrated all-weather canopy and generous, convivial cockpit we ensure you get the most out of your time on the water.

Here are boats with an inner sense of confidence, where understated, classic Scandinavian style meets everyday practicality. Come rain or shine, an Uttern boat is created to take you where you want to be. To freedom within.

DISCOVER
THE WORLD
OF UTTERN

WWW.UTTERN.COM

DESIGNED AROUND YOU, BUILT FOR THE REAL WORLD

Explore hidden shores. Relax on deck. Take a dip from the swim platform. Enjoy sunny days and gentle breezes. Inspired by classic boat design, yet with a thoroughly contemporary feel, an Uttern allows you to escape and discover a sense of natural simplicity. From our trademark classic shapes and flowing symmetry to a strong sense of practicality, so many things come together to make your Uttern boating experience special, wherever your journey takes you.

Whatever the weather, our boats are built to handle Nordic conditions and the unpredictable power of nature. Robust and stable in the water, they are characterised by their spacious freeboard and conveniently placed grab rails. A generous cockpit depth and a high line add to the feeling of

confidence and safety without restricting access to the water. And should the weather take a turn for the worse, the integrated canopy can be quickly deployed to keep the elements at bay.

Together with the finesse of the overall finish, every aspect has been carefully engineered to ensure each feature is integrated seamlessly. With practicality always at its heart, navigation on and off the boat is easy whilst the stern houses a versatile cockpit with ample storage.

WELCOME TO UTTERN,
THE CONSIDERED CHOICE

THE PREMIUM EDITION

THE BEST WAY TO GET
THE OPTIONS YOU NEED

People are different. So why should every boat be the same? We have designed our boats for optimal use, but we know that everybody has their own preferences. That's why we are introducing the Premium Edition.

The Premium Edition gives you what you need: a variety of option sets that are most frequently requested by our customers. So you can be sure you get the options you want. They also save you an average of 10% when compared to ordering options separately.

Best of all, the Premium Edition has short delivery times and is probably already available at your local dealer right now – you'll be on the water before you know it.

D77

THE STANDARD-BEARER FOR DAY-CRUIISING

Wherever you want to go this weekend, the D77 will take you there in comfort and style. The D77 accommodates nine and up to four people for overnight cruising. It is ideally suited for refined sport and leisure use with family and friends.

Designed for fast and stable cruising, the D77 offers powerful performance and uncompromising safety that really go the distance. Superior navigation equipment, ergonomically designed pilot and passenger seating and refined accommodation facilities all combine to provide the complete luxury package, whether it's for skiing, water sports, island hopping or coastal cruising. Plus, with its top engine configuration of single 400hp or twin 200hp Verado Mercury outboards, the D77 offers a performance that few others in its class can match.

The last word in versatility and comfort, the D77 is packed with luxury options fitted as standard. Laminated teak decking and flooring. A teak dining table that suited for five people. Three different cockpit configurations from comfortable cockpit seating to dining area to spacious sun lounge.

Not to mention safety and convenience features such as the high stainless steel bow guardrails, wide steps to the bow and twin aft swim platforms.

With overnight accommodation facilities designed to cater for up to four adults, the D77 offers a spacious and airy double forward cabin, twin mid-berths, a practical yet private marine toilet with its own window and a robust and practical galley with a refrigerator, fresh water system and stove. The interiors are fitted out in elegance and style, with eye for detail in the upholstery finishing and cabinets giving an overall impression of space and ergonomic design with a sense of refinement.

The D77 can quickly transform into a stylish performance day boat for up to 9 people, offering multiple configurations for fun and leisure use with family and friends. Moreover, its excellent sea handling and intelligent options such as windscreen wipers and defrost mean that you can enjoy the D77 in most weather conditions and throughout the year.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

D70

EXPERIENCE THE DIFFERENCE

Break away for a day trip or a weekend on the water. The D70's deep cockpit and full windscreen keep you and your passengers safe and dry during the ride. Inside, the cabin's wide windows offer the best views you'll ever find in a 7-meter boat.

Customisation is key. The cockpit area offers 3 configurations, several packs allow for significant upgrades of the boat's accessories and there's a whole range of Mercury engines available.

The D70 is powered by a single outboard Mercury engine with up to 300 hp, ensuring secure and agile navigation. Accessibility features include a wide cockpit entry, smartly positioned handrails all around, easy walking access from bow to stern and swim platforms to slide into the water.

With its deep cockpit, the boat is also suitable to take children along for a safe ride. A full windscreen with windscreen wiper adds to the weather protection.

Its distinctive external lines give the boat an uncluttered, smooth and sporty look. Eye catchers are the bicolour helm, the sleek windshield and anthracite grey or cool

beige hull colour. Smart design created room for integrated armrests with cup holders, a cockpit galley for outside cooking and invisible canvas storage. The cabin makes the most of the available space and light with a roomy berth, large windows and integrated storages.

Passengers are well taken care of wherever they are on the D70. The large cockpit lets you enjoy being outside and on the water as much as possible. It includes a full galley with sink, Wallas stove with heater and refrigerator. Large swim platforms provide easy access to the water and wide steps do the same for cabin entry.

The cabin boasts room for 2 to spend the night and see the sun rise through its wide side windows. Plus, there's a full enclosed marine toilet.

How do you like your cockpit area? Its adjustable reclining bench offers 3 configurations: up, chaise lounge and extra-large sun lounge. These let you choose from a multitude of activities: talk, dine, relax, read, sunbathe, you name it! The co-pilot seat has a dual function as well. Sit down in the forward-facing seat or use it to expand the seating area and sun lounge.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

D62

WHERE DO YOU WANT TO GO?

The ease of access through bow and stern; the well thought-out cockpit; the seamless integration of the features. The D62 allows intelligent design and engineering to work as one.

From the reassurance of rugged decking to the classic horseshoe seating and bow cabin for sleeping or storage, this is an easy-going experience. Feeling hungry? You're free to quickly convert your cockpit into a relaxed dining area that comfortably seats six people. Looking to soak up the sun? You'll soon be lying in one of the biggest sun decks in its category.

A wealth of storage under the seats means you'll have plenty of room for all those little extras. Getting on and off board couldn't be easier with access points at the bow and the stern. Anti-slip steps provide extra grip as well as an integrated stainless steel ladder that is ready for every eventuality.

Even the weather won't pose you a problem.

A unique integrated canvas canopy neatly stows away when the weather is fine, and can be easily raised should the weather worsen. A high sheer line and a deep cockpit add even more confidence and greater protection in all weathers.

What's more, that attention to detail flows throughout the boat. A specifically shaped locker for the fender maximises the use of available space, large stairs make for safe access to the bow, while a swivel cockpit seat makes this a very sociable boat.

Descend into the cabin and you'll find everything equally considered there, too. A large foredeck hatch provides good ventilation and lighting as well as plenty of bow storage to help keep everything neat and tidy. A marine flush toilet is available as an option.

Choose our exuberant Premium Edition and add even greater style and comfort.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

D57

DAY CRUISING WITH NO COMPROMISE

The Uttern D57 is a compact version of our highly popular D62. A Scandinavian-style boat with a soft sporty feel, it takes dining, relaxation and sports in its stride. The trademark Uttern flair for design has been once again put to good use in its design of a new hull, already acclaimed for its dependability and comfort.

Maintaining flexibility and comfort is the key to creating a successful day cruiser, and it is nicely showcased here in the spacious cockpit with its convivial cocktail dining table to seat 5, which simply packs away when required to leave space to stretch out in the sun. An integrated 12v cooler means chilled food and drinks are always on hand even on the longest, warmest days. Easy, stepped access to the water at the stern is combined with a good cockpit depth for a secure feeling on board, even with young passengers. The addition of a ski mast adds an exhilarating option for those who enjoy their water sports.

A downpour does not spell disaster here, as the full enclosure canopy can be quickly and easily deployed.

When not required, the canvas packs neatly away thanks to its integrated canvas storage system, which also has space to store other items such as navigation lights and water ski mast. What's more, this boat also has the best integrated bow-to-stern water management system, featuring gasketed door and bow floor drain.

The D57's large foredeck hatch makes life below deck a light and airy experience whilst 4 storage compartments over the transom help keep life aboard uncluttered and organised.

Behind its good-looking, fun-loving exterior, however, serious thought has gone into providing a range of safety features which come as standard. Hydraulic steering, a sport steering wheel, compass, SmartCraft gauges are all there to ensure your journeys go smoothly and safely. For good looks that last, hardwearing antifouling paint finish and laminated teak floors also come as standard.

Looking for additional comfort? Then the Premium Edition will give you what you need.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

T70

BE ONE WITH THE WATER

The T70 is Uttern's flagship model in the T series. The sporty and spacious bow rider combines comfort with design and performance. It's a smart choice if you want to take family and friends out for a day of delight on the water. The T70 fits 8 and is compatible with Mercury engine configurations from 150 to 300 hp, ensuring powerful and safe navigation at all times.

The T70's deep cockpit is made for safe and dry rides, while the boat's spacious design and its bow and stern handrails allow passengers to move around the boat freely. The large cockpit sun lounge gives easy and direct access to the water, with an integrated swim ladder and an optional swim platform extension to help you get in or out. A Mercury outboard engine (150 to 300 horsepower) guarantees a secure navigation in all weather conditions.

The T70's versatility is most at play in the cockpit area. Its default configuration provides ample space for socialising and dining with the removable teak table. A fully enclosed canvas keeps you dry and warm on rainy days. Better weather calls for the chaise lounge set-up. Switch between reading and relaxing with the 120° inclinable backrest. And when the sun's really out,

you convert the cockpit into an extra-large sun lounge. Also, the pilot swivel chair and bidirectional co-pilot seat help you to enlarge the cockpit space. And if you fully want to go for the sun you can convert the bow area in a full sun lounge as well.

The distinctive external lines of the T series add to the T70's sleek and sporty look. The bicolour helm, sport steering wheel and tinted windshield both look sharp and help you to drive safely. More design features are seamlessly integrated all over the boat, such as stylish armrests, cup holders with LED lighting and laminated teak flooring. Upgrade options like the permanent galley allow for an even more luxurious experience.

The pilot seat is a comfortable bucket seat with flip bolster and swivel. Next to it, the T70 has a double bidirectional co-pilot seat. That means there's room for 3 people to either look at the uncharted waters ahead or to turn to the familiar faces in the cockpit area. The ergonomic helm station features a tinted windshield, SmartCraft instrumentation and an optional 9" Simrad GPS/chartplotter. Dedicated storage area is available in front of the co-pilot seat and at all corners of the boat.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

T62

TAKE LIFE AS IT COMES,
WITH PLEASURE.

Thanks to its generous, versatile cockpit with a classic horseshoe shape and spacious front deck seating, the T62 makes the ideal environment to spend time with friends and family.

Offering a wide range of practical innovations, the T62's cockpit easily converts into one of the largest sunpads in its class. It equally converts into a comfortable dining area for six. And that's just the start of the fun. There's a dedicated waterskiing pole for whenever the mood takes you and, when you want to really cool down, a wide stern creates a bigger area to make getting into the water easier.

Naturally, where fun is a priority, safety is paramount. That's why the T62 comes with a range of features. A deep cockpit and high freeboards make for greater peace of mind when children are on board. Anti-slip steps keep everyone safe, while conveniently placed handgrips ensure getting on and off the boat is easy – whether that's through the bow or the stern.

And should the weather try to spoil your day, an integrated canvas canopy cleverly hidden within the body of the boat can be quickly deployed to keep everyone happy.

Seeking an even greater sense of fun and style? Have a look at the Premium Edition.

T57

THE GREAT ESCAPE

You'll have no trouble surrounding yourself with friends and family in this sporty and generously-proportioned bow rider. The T57 has the most capacious bow area in a twin console boat, with a generous u-shaped seating area which converts into a luxurious sun deck, making the perfect environment for relaxing family trips and a sporting day out with friends.

As ever, intelligent use of space is a key feature, so the integrated stowaway compartments include multi-use storage area for bulky sports equipment such as the ski mast but also dedicated storage for the fully enclosed canvas. This is also the only boat with 4 storage compartments over the transom area, so dining, diving, fishing and skiing gear can all be easily accommodated. A 12v cooler is a welcome option for many, keeping food and drinks delightfully fresh on the longest hottest days.

Uttern's flair for practical features is further showcased with its integrated deck water management system; running from stern to cockpit it features a gasketed door and bow floor drain. The optimal design of the boat marries good cockpit depth with easy access to the water for a secure feeling afloat.

With a wealth of features which are conspicuously absent in its competitors' equivalents, the T57 gives you an enviable combination of space, style, practicality and comfort for convivial days on the water.

You can further personalise the boat with the Premium Edition, adding that extra touch of style and comfort.

T51

SMALL PRICE, BIG CONCEPT

This fun and affordable bow rider is backed by serious design and technology. Whether you plan a romantic getaway, adventuring with friends or a family day out, the T51 packs in all the features you need to enjoy yourselves in style and comfort. You will appreciate its fuel efficiency and its design for simplified boat maintenance: ownership of a T51 a far less costly and complicated affair than you might have imagined. We've put a lot of work into keeping things simple for you.

When you step aboard the T51 and feel that sense of serenity and security, it's because our designers have been busy behind the scenes on your behalf, perfecting all those features which make a day on the water a breeze. Look closely and you'll notice the optimal cockpit depth, the high freeboard providing greater security and stability especially for young passengers. Handrails are handily but elegantly placed throughout to ensure ease of access on and off the boat. Bow seating with back rests give a secure forward-facing position providing a great view of where you're heading. And once you're speeding along, you'll appreciate the way the wraparound windshield protects you from wind.

In the competitive world of compact bow riders, the T51 also stands out due to its remarkable use of space. With best-in-class bow seating, you'll enjoy the surprising amount of room you have to stretch out and

relax. Flexibility is key here: the spacious bow area can also be converted into a sundeck to make the most of great weather, another feature not usually available in boats of this size. A cockpit dining table option means a convivial space can be quickly created, and just as quickly packed away again into its dedicated below-deck storage space.

This compact beauty also takes sporting days in its stride: stepped bathing platforms providing easy access to the water at the stern and the integrated swim ladder packs safely away when not in use. Fishing gear can easily be stored beneath the seats.

Intelligent storage solutions contribute to the sense of uncluttered space and ease aboard. Every item here has its own dedicated storage area, including anchor and mooring equipment, table and bow cushions. In addition, there is plenty of additional storage space beneath the ample rear and bow seats and below the deck for your own items.

Uttern offers as standard a wealth of technical and stylistic features which come only as optional extras in competitors' equivalents; add to this a competitive price tag and you have an irresistible boat with universal appeal.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S57

UNCOMPROMISED SECURITY ON BOARD

Showcasing the best of Scandinavian boat design, the S57 is a sociable new open console boat that is versatile enough to take on the most unpredictable climates and come up smiling every time.

You'll notice that the outstanding feature of the S57's design is its central console, creating a balanced feel for navigation and giving unrestricted ease of movement from bow to stern. With this sense of freedom also comes a feeling of security, provided by the deep cockpit and high freeboard, making it safe for even the youngest passengers. Access to the water remains simplicity itself, with 3 steps down to the swim platforms plus an integrated swim ladder for absolute ease in and out of the water.

What's more, the ample space aboard is marvellously versatile, so the spacious U-shaped bow seating area also converts into a sundeck, creating a perfect space for sporting use or simply making the most of the sunshine. Additional seating is provided in the bow section. For convivial moments, a 6-person cocktail dining table can be quickly erected in the bow area, packing away again into designated under-deck storage space when not in use.

All seating areas have storage spaces beneath them, creating substantial areas in which to stow water-ski equipment, fishing rods, etc. Anchor, mooring equipment, swim ladder, navigation lights, ski mast and canvas cover also all have their own designated storage spaces meaning everything you might need aboard packs neatly away when not in use for a supremely uncluttered feel. Indeed, with best-in-class console storage no other boat of its size gives you as many storage possibilities as the S57.

As well as a range of engine sizes for power and fuel efficiency options, you'll be impressed by the range of equipment which comes as standard here. The hydraulic steering, SmartCraft speedo/tachometer and navigation lights make boating easy, whilst inclusive laminated teak flooring and seating cushions create a luxurious finish. Our standard use of anti-foul paint creates good looks that last.

With our Premium Edition you can really make the S57 your own and take sports, comfort and relaxation for the whole family to the next level.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S57 PRODUCT FEATURES

- 1.** Versatile bow area: Suitable for 1. Cruising and dining with removable real teak table 2. Relaxing and reading with a large sun lounge
- 2.** Large console storage with dedicated storage for cockpit table, 12v cool box
- 3.** Pilot & co-pilot bucket seats with flip bolster and swivel, pivoting seats
- 4.** Ergonomic helm with SmartCraft instrumentation and mounting space for optional 7" GPS/Chart plotter
- 5.** Storage below seating
- 6.** Deep cockpit for enhanced safety
- 7.** Integrated swim ladder and optional cockpit shower
- 8.** Large swim platform for safe and easy access in and out of the water
- 9.** Integrated canvas storage
- 10.** Single engine configuration up to max 150 hp.
- 11.** Unique bow drain system avoids water to accumulate and flow into the cockpit

S57 PRODUCT SPECIFICATION

Beam maximum (m)	2,29
Height - without canvas (m)	2,07
Dry weight without engine (kg)	915
Fuel capacity (l)	110
CE design category	C
Maximum number of people	6
Maximum power (hp)	150

S51

INTELLIGENT DESIGN

The smaller the boat, the more important its design is! The S51 is packed with intelligent features to ensure that whatever you want to do, the S51 helps you get the most out of your time on the water. The large bow section can accommodate a table for a picnic lunch, then quickly be converted into a sundeck where you can stretch out, relax and soak up the sun. Those who enjoy watersports will find themselves well provided-for with stepped bathing platforms at the stern, integrated swim ladder and ski mast. Equally, those using their boat for transporting goods will find that the bow area can be cleared up to create plenty of uncluttered space.

What distinguishes the S51 from many other boats in its category is its ingenious layout, offering unparalleled ease of movement, comfort and convenience. The large side console offers wind protection, whilst the steering wheel is positioned centrally to ensure balanced navigation. The console position also makes it easy to move directly from the rear to the bow. Access is possible either from steps at either stern or bow, and handrails all around the boat ensure that it's always safe and easy to do so.

Not a single inch of space is wasted here, with varied storage beneath all seats. The extended bow seating is long enough to comfortably accommodate items such as skis and fishing rods, an unusual feature on boats of this size, whilst beneath the rear seat is a huge space with an easy-access fiberglass cover. Meanwhile, anchor, ropes, fenders and swim ladder all have dedicated storage spaces, keeping things safely out of the way until needed.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

S45

THE ADVENTURE STARTS HERE

The Uttern S45 combines all the ingredients for safe cruising in an ultra-modern, versatile and ergonomic package. Step aboard with family and friends and cast off for a smooth and relaxing ride. The S45 is great for cruises along the coastline, on lakes and rivers.

The Uttern S45's ultra-modern hull, deep cockpit and unsinkable design make coastal cruising and island hopping a breeze. The boat is packed with intelligent design features – such as anti-slip flooring and easy-grip railing – to ensure the safest possible ride. Easy and secure access to the boat is ensured through the convenient swim platforms that serve as step into the boat. At the bow a clearly defined step and high grab rails provide confidence. The S45 can be motorized with up to 60 horse power. The responsive controls and easy-to-read instrumentation, on the other hand, turn navigation into child's play. And with an extra-large windscreen, you and your passengers can enjoy the best weather protection.

There are dozens of ways to enjoy the water – from cruising and bathing to fishing, recreation and transportation – and the Uttern S45 is equipped for each and every one of them. Despite its compact size, the interior feels spacious and is easy to move around, even when at speed. Its versatile interior, easy access, large bathing platform, ingenious storage solutions and comfortable seating for up to 5 people make it the ideal companion to delight your passengers, whatever their fancy. The cushions have a modern design and are made of enjoyable fabrics. Their practical shape makes it easy to store them onboard.

But perhaps the best thing about the Uttern S45 is what you do with it out of the water. Namely: next to nothing! What very little maintenance the boat requires is as easy to perform as 1, 2, 3 thanks to its ample gates providing easy access to the rigging and electrical systems. And its incredibly light design and secure hooks make transportation almost as easy out of the water as in.

S45 PRODUCT FEATURES

1. Bow storage
2. Portable fuel tank
3. Swim ladder
4. Anchor locker
5. Double swim platforms
6. Clearly defined step-out area to access land/boat
7. Dashboard and storage tray
8. Ergonomic helm with SmartCraft instrumentation and mounting space for optional 7" GPS/Chart plotter
9. Convertible sundeck area
10. Supportive rails for safety and facilitate movement
11. Canvas
12. Depth of the cockpit guarantee security for kids and adults when seating or moving around the boat
13. Two storage spaces in the bow and one below the aft bench that can be securely locked up

C87

THE STANDARD-BEARER FOR DAY-CRUIISING

The Uttern C87 is our largest model yet, built on the cornerstones of safety, comfort, style and power. Suited for 10 persons you can take it out to the sea, explore your local rivers or head out to your favourite fishing lakes. With the choice of an inboard or single and twin outboard engine configuration, you will have the power you need.

As a boat designed for inland and offshore fun, the Uttern C87 has a variety of features designed to keep you and your loved ones safe. Enjoy a 360° view from the cabin and a dual-engine option to gain full control over your surroundings. The extra side sliding door in the cabin, large access from cockpit to bow and walkthrough transom coupled with swim platforms with integrated swim ladder provide safe circulation around the entire boat and water access.

Whether you're on the move or relaxing, the Uttern C87 is ready to go. The sliding cockpit bench seat can be converted to a large dining area or to a sun lounge.

Can't get enough of the sun? There is a second sun lounge on foredeck. Optional air conditioning and heating is available to maintain the desired temperature. And the boat's large galley with stove and optional microwave and fridge will help you prepare the perfect dinner out on the water.

We've designed the Uttern C87 with a combination of aesthetics, quality and class-leading space to provide lasting value and the look and feel of a much larger boat. The pull-out shower compartment and sea water toilet are tastefully arranged while skylights provide plenty of natural light in the private master stateroom and private aft stateroom.

Every journey is different. That's why we've made sure that you can reconfigure your set-up to match any occasion. The convertible, four-position dinette uses opposing and fold-away seating that can be changed into a U-lounge for entertaining. It also quickly changes into forward facing seating, or becomes an extra third berth when you're done for the day.

PREMIUM EDITION

Be sure to get what you need: the Premium Edition is based on the options that are most frequently requested by our customers. In addition to that you save an average of 10% when compared to ordering options separately and this edition is probably already available at your local dealer right now.

C77

MAKE YOURSELF AT HOME

The sporty, spacious and very individual C77 is a boat that's made for being on the water and makes every voyage an adventure. With room for nine people, the spacious dining area with galley makes those moments spent with family and friends, extra special. While the private forward berth, mid berth and enclosed toilet are just part of the on-board comfort that makes the overall experience a real pleasure. With the choice of an inboard or outboard engine configuration with maximum 300hp, you will have the power you need.

Safety is naturally paramount on such a fine craft. Enjoy a 360° view from the cabin and the power of a Mercury engine that will keep you in full control over your surroundings. You'll find carefully positioned handrails and a large access path from cockpit to bow that provides safe circulation around the entire boat. High freeboard and a non-skid surface make it a secure on-board environment for passengers of all ages.

Whether you're on the move or relaxing, the C77 is ready to go. The sliding cockpit bench seat with reclining backrest can be converted to a large dining area or to a sun lounge. Can't get enough of the sun? There is a second sun lounge on foredeck. Optional air condi-

tioning and heating is available to maintain the desired temperature. And the boat's large galley with stove and fridge will help you prepare the perfect dinner out on the water.

Styling, quality and class-leading space were key aspects when designing the C77 and will provide lasting value. The intelligent use of space gives you the impression you are on a much larger boat. The sea water toilet is tastefully arranged while hull side windows provide plenty of natural light in the private master stateroom and private aft stateroom.

The highly flexible nature of the C77 makes life at sea a real breeze. The convertible dinette is great for socializing and dining. When you are done for the day it can be converted to an extra third berth. The aft bench in the cockpit area has a 3 position reclining backrest so everybody can relax in a perfect position. And on top of that, the cockpit can be converted to a dining area and sunlounge.

PREMIUM EDITION

The quality system of Brunswick
Marine in EMEA
is ISO 9001:2008 certified.

© 2018 Brunswick Marine in EMEA. All Rights Reserved.

Brunswick Marine in EMEA continuously explores means to improve the products it designs, manufactures and distributes. Every effort is made to produce sales and service literature which is current. Changes to specifications of engines, boats and accessories are ongoing. This brochure should not be regarded as a precise guide to the latest specifications. This brochure is also not an offer for sales of any particular engine, boat or accessory. Distributors and dealers are not agents of Brunswick Marine in EMEA or one of its affiliates and they have no authority to bind Brunswick Marine in EMEA by any express undertaking or representation, including but not limited to representations of product, sales, applications or service nature. Not all products are available in all countries and some are available only in limited quantities. Some products shown in this catalogue are equipped with optional accessories. Please see your local dealer.
