

MADE IN SWEDEN

You see them everywhere – at piers, in bays, on lakes and at sea. Over 80,000 boats have been built to date and the fleet is growing every year as more and more people discover this top-quality boat, “Made in Sweden”. Fishermen (professionals and amateurs alike), families, sport divers, water-skiers and nature-lovers... There is an Uttern for everyone.

YOU CAN TELL THEM BY THE WAY THEY MOVE THROUGH THE WATER

Uttern boat models all have one thing in common and that is their seaworthiness. If you are someone who likes to sit safely on board when there is a swell running, then Uttern is your safest choice. A stable, smooth ride has become a hallmark of Uttern boats.

Uttern stands for modern design developed hand in hand with practical functionality. The result speaks for itself – Utterns are as pleasing to look at as they are to handle. Integrated solutions, innovative thinking, quality and comfort: these are some of the words that have been used to explain the success of Uttern. We simply call it BOATING BLISS!

EQUIPPED IN EVERY DETAIL

What other boats offer as optional extras come as standard features in an Uttern. Mooring equipment, for example, is included in all our models. Whatever you choose to compare it with, the range of equipment in an Uttern is matched only by its quality.

The Uttern standard is the Exclusive version. It comes with a navy-blue hull, a teak laminate floor, a carbon-fibre instrument panel, a compass and white-dial instruments.

POWERED BY MERCURY AND MARINER

A boat the calibre of an Uttern deserves the finest engine. The combination of Uttern and an engine from Mercury Marine – the world’s largest manufacturer of marine engines – offers the best possible value for money. You get fuel-efficient propulsion that not only takes you further with each tankful but also guarantees a quiet, smooth and safe ride.

Depending on which Uttern model you choose, your boat will be equipped either with a Mercury, Mariner or Mercury MerCruiser sterndrive engine. There are four-stroke engines ranging from 2.5 hp up to 275 hp. OptiMax two-strokes, which are particularly environmentally friendly and fuel-efficient, are available from 75 hp up to 250 hp. All Mariner and Mercury 25-60 hp four-stroke engines have electronic fuel injection and they can be upgraded with onboard computers that display rpm, fuel consumption, battery voltage and much more.

D68

IN A CLASS OF ITS OWN

Yes, go ahead and take a closer look! The flagship of our Day Cruiser fleet has turned many a head. Stunning lines and splendid performance make the D68 a feast for the eye and a pleasure to drive. And the ingenious hull design ensures steady cruising even in choppy waters. The Uttern D68 is safety itself, inside and out. The foredeck has an extended bow, lined with sturdy stainless-steel grab rails that make it easy to get aboard. Bow- and searchlights provide additional safety after sundown. Beneath the foredeck is a cabin with a comfortable double berth and practical storage lockers. Comforts such as a refrigerator, a Wallas 800 cooker with a heat blower lid and a sink with galley pump are, naturally, standard features. The stern is roomy, and features an integrated swim platform with a ladder when you need a refreshing dip in the waves. Uttern D68 is available with either a Mercury MerCruiser MPI V6 220 hp petrol engine or a Cummins MerCruiser Diesel 120 hp or 200 hp diesel engine.

D68 Specifications

Maximum power (hp)	220 (MPI)/200 (CMD)

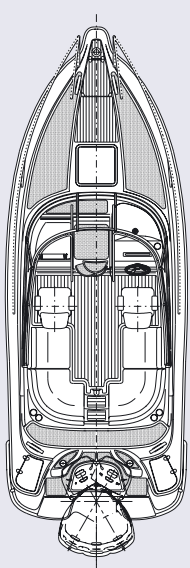

D66

VERADO – AN UNFORGETTABLE EXPERIENCE!

The Uttern D66 Verado has raised boating pleasure to a new level. D66 is a new boat, designed by the well-known designer and boat builder, Håkan Södergren. The newly developed hull has proved an immediate success both in terms of performance and fuel economy. The D66 has all the usual qualities that have become hallmarks of Uttern boats; like all the Uttern family it has a high freeboard and sturdy stainless steel grab rails, designed for safety and security. The stainless steel swim platform complete with swim and rescue ladder, and the large hatch cover which makes it easier to put up and take down the canopy, are just two examples of the many features of the D66 that simplify life on board. The many new and exciting technological innovations of the D66, ensuring that the boat and the engine are perfectly balanced, make it an exceptional boat by any standards.

D66 Verado Specifications	
Length (m)	6.60
Beam (m)	2.50
Number of people	7
Maximum power (hp)	250

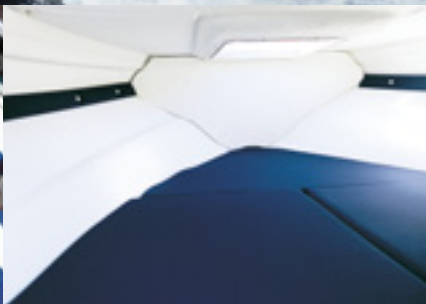

D55

TRAVEL FIRST CLASS

Want to go boating feeling like a VIP? Well, take a test-run in the Uttern D55 – one of the most popular day cruisers on the market. Built for high comfort – even at high speeds – and with plenty of room for five people. Thanks to the hull's unique bottom design you get a smooth, stable ride and lots of driving pleasure. Better still, you sit in comfortable swivel chairs within easy reach of folding teak tables. The boat has elegant lines and is superbly equipped. The canopy is easily stored in a special concealed compartment beneath a hatch in the stern and the water skis or fishing rods in the long storage locker in the floor. To further increase comfort and safety the D55 is equipped with hydraulic steering, or alternatively servo-steering, depending on which engine is chosen. Uttern D55 is delivered in Exclusive version with an inboard engine, either the well-proven MerCruiser 3.0, 135 hp or the modern CMD 120, 120 hp turbo-diesel engine.

D55 Specifications	
Length (m)	5.55
Beam (m)	2.20
Number of people	5
Maximum power (hp)	135/120 (CMD)

C68

SETTING COURSE FOR NEW ADVENTURES

#1 On The Water®

This is the complete weekend boat. Ideal for long expeditions or short excursions, Uttern C68 cruises at speeds of 15-20 knots and reaches 30-35 knots at full throttle (depending on your choice of engine). Power-assisted steering makes for a first-class driving experience. Cabin heater, searchlight, swim platform with ladder and anchor locker – all are standard equipment. The cabin has overnight sleeping berths and a large hatch in the foredeck that makes it easy to get on and off the boat. Moving around onboard is safe thanks to the grab rails on the cabin roof and along the sides, while the foredeck, with its extended bow, is fitted with sturdy guardrails. You can sit comfortably in the spacious aft seat, where there's also a convenient folding teak table.

For mealtimes, the galley in the cabin has a dual-flame Origo stove, lockers, refrigerator, sink with running fresh water and galley pump, and there is also a roomy dinette.

The Uttern C68 is delivered in Exclusive version either with a Mercury MerCruiser MPI, V6 220 hp petrol engine or a Cummins MerCruiser Diesel 120 hp or 200 hp diesel engine.

C68 Specifications	
Length (m)	6.82
Beam (m)	2.52
Number of people	6
Maximum power (hp)	220 (MPI)/200 (CMD)

C66

PURE BOATING BLISS

The Uttern C66 is another new model designed by Håkan Södergren. The hull, which has set a new standard for the next generation of Uttern boats, is like that of its relative, the D66. Using this hull as a platform, we have produced a boat with the usual Uttern hallmarks of seaworthiness and stability. This is a boat that is certain to become a family favourite, and as only to be expected, its performance and economy are the very highest for a boat in this class. This boat, with its higher freeboard and extra space, has been specially designed with families with children in mind. Getting on and off the boat is easy, as is loading and unloading, so whether you're going to the summer house or just taking a day trip with your nearest and dearest this boat is perfect. The C66 simply makes everything easier with its practical innovations and comfort. There is plenty of room on board to change clothes before and after swimming and the galley is equipped with a fresh water tank, and a kitchen sink for the dishes, as well as a Wallas 800 cooker which has a heat blower lid as a standard feature. With the canopy up you have a lovely room in the stern where everyone, young and old, can sit comfortably and feel secure; this is a boat certain to bring you joy whatever the weather and however strong the wind.

C66 Specifications	
Length (m)	6.90
Beam (m)	2.50
Number of people	7
Maximum power (hp)	220 (MPI)/200 (CMD)

C56

A CLASSIC UTTERN

The Uttern C56 is an enhanced version of the classic Uttern mid-cabin model. If you know what kind of boat you're looking for, you need to look no further. Uttern C56 has much to offer, including ample freedom of movement. This is a stable utility boat with excellent seaworthiness. It is suitable for most activities, including trolling, net-fishing, water-skiing and sport diving.

You are totally protected from the wind when you are in the cabin, where the helm is located aft of amidships. There is a soft-top in the roof that you can open and close in no time at all. It has a self-bailing deck and a drained anchor locker beneath the aft hatch. Lockers have slanting bulkheads that provide extra space for the feet and there are also practical lockers along the sides. The driver's seat is swivel-mounted, which is very practical when trolling, and it is easy to fasten your fishing rods to the stainless steel aft grab rails. Space is provided for the battery and two fuel tanks under the aft seat and there is also room for a spare fuel tank in the forward locker. You can also row the C56 from the forward bench seat.

C56 Specifications	
Length (m)	5.62
Beam (m)	2.05
Number of people	5
Maximum power (hp)	60

S64

THE BOAT OF YOUR DREAMS

This boat has everything you could dream of. You get the freedom and practicality of a cockpit-steered boat. Plus the added benefit of two people being able to spend the night in the berth underneath. Do we need to say that Uttern S64 has become one of the most sought-after boats on the market? Its stability and manoeuvrability are impressive, even in rough seas. At the bow there is sufficient seating and a table for the whole family to gather around, while the stern provides a roomy, four-seat sofa. The boat has many well thought-out details such as exceptionally sturdy stainless steel grab rails and a teak-decked, stainless steel swim platform with a swim and rescue ladder. Uttern S64 is available only in the Exclusive version.

S64 Specifications	
Length (m)	6.38
Beam (m)	2.51
Number of people	7
Maximum power (hp)	220 (MPI)/200 (CMD)

S55

A BOAT WITH EVERYTHING

Whatever you want to do on water, the new S55 will serve you well in all weathers. We have used the well-proven hull, also found in the D55 and T55 models, as a platform for this fantastic boat. Optimum use of space in the boat provides ample seating and plenty of stowage room, making this boat ideal for both work and pleasure. A high freeboard and sturdy stainless steel grab rails make for a high level of safety and comfort, and hydraulic steering (or alternatively servo-steering for models with inboard engines) further enhances the comfort. The new Uttern S55 is delivered in Exclusive version.

This model can also be supplied with a sterndrive engine, either the well-proven MerCruiser 3.0, 135 hp or the modern CMD 120, 120 hp turbo-diesel.

S55 Specifications	
Length (m)	5.55
Beam (m)	2.20
Number of people	6
Maximum power (hp)	135/120 (CMD)

Uttern

S52

THE ALL-WEATHER FAVOURITE

The Uttern S52 is best described as mildly addictive. Once you've been at the helm, it is hard to kick the habit. This, as you can appreciate, it is one of our bestsellers. A middle-size boat giving really good value for money, its exceptional stability and manoeuvrability means it is equally at home in coastal waters or on the lake. The S52 is comfortable to drive, with a deck layout that makes it easy to move around onboard. If you want to troll, you can simply remove the aft sofa to make more room for your rods and tackle. The Uttern S52 is delivered in Exclusive version.

S52 Specifications	
Length (m)	5.18
Beam (m)	2.13
Number of people	5
Maximum power (hp)	80

T55

AN UNBELIEVABLE COMBINATION

Uttern T55 gives you the best of both worlds! It neatly combines the practicality of a cockpit steered boat with the comfort of a day cruiser, which means that one is protected from the wind and water when travelling. It is the obvious choice for the person who wants to travel comfortably to and from their summer house or who wants to take a longer trip out to sea with a picnic, to fish and bathe. The Uttern T55 has the same hull as the D55 and S55, a well tested hull known for its seaworthiness and manoeuvrability. The T55 hugs the waves when you open up the throttle. When we at Uttern talk about attractive design we also include smart, practical features. Such as a storage hatch in the floor that is ideal for water skis or fishing rods, twin folding teak tables and glorious, robust swivel seats. Sturdy grab rails provide a high level of safety and make getting in and out of the boat easier. To further increase safety and comfort, the T55 is equipped with hydraulic steering or alternatively servo-steering, depending on the engine.

The Uttern T55 is delivered in Exclusive version.

The Uttern T 55 can also be supplied with a sterndrive engine, either the well-proven MerCruiser 3.0, 135 hp or the modern CMD 120, 120 hp turbo-diesel engine.

T55 Specifications	
Length (m)	5.55
Beam (m)	2.20
Number of people	5
Maximum power (hp)	135/120 (CMD)

A56

A HIGHLY RESPECTED BOAT

#1 On The Water®

The absolute favourite of professionals! It will get you to your destination, whatever the weather and water conditions. The Uttern A56 is a sturdy utility boat designed for outboard motors from 30 to 60 hp. It is suitable for trolling, net-fishing and transportation.

The boat has a newly developed hull which makes it exceptionally stable and manoeuvrable. The interior is full of practical features designed to lighten your workload when onboard: a self-bailing deck, with plenty of unobstructed floor space; lockers with slanting bulkheads, providing extra space for your feet; and practical lockers with access steps along the sides of the boat. The cockpit has ample room for instruments, a protective wraparound windscreen and a tough, stainless steel frame fitted with a navigation light. The comfortable driver's seat is swivel-mounted, which is useful when trolling. There are also stainless steel aft grab rails provided with rod holders. There is a drained anchor locker inside the aft hatch and there is room for a battery and two fuel tanks under the aft seat. There is room for the spare fuel tank in the forward locker, too. It's even possible to row the Uttern A56 from the forward seat.

A56 Specifications	
Length (m)	5.62
Beam (m)	2.04
Number of people	6
Maximum power (hp)	60

A51

A CLASSIC IN THE MAKING

The Uttern A51 offers maximum versatility. An all-round boat with an impressive performance. Ideal if you want to do a lot of different things – fishing, transporting, sport diving, water-skiing, bathing etc. This is, without exaggeration, a classic in the making. It was launched last year and already commands a leading position among modern utility boats.

The A51's hull moves smoothly and safely through the water and despite its size it can be rowed from the forward seat. The interior design is practicality itself! Storage lockers with slanting bulkheads provide extra floor space and ample room to work; five people can be comfortably seated and there is extra stowage along the inside of the cockpit. There is a drained anchor locker in the stern with room for two portable fuel tanks. The locker at the bow also has room for a spare fuel tank.

A51 Specifications	
Length (m)	5.10
Beam (m)	2.00
Number of people	5
Maximum power (hp)	50

A46

EASY TO CAST ANCHOR

#1 On The Water®

The A46 is built in the finest Uttern tradition, with a sturdy cockpit and windscreen. The boat is supremely practical and reliable with its self-bailing deck, wide clinker-built hull, high freeboard and a solid keel giving it extra stability. There is ample loading room and increased stowage in dry storage lockers under the aft and mid bench-seats. You can cover long distances in the Uttern A46 and moor it almost anywhere. And on top of that, it functions well as a rowing boat.

A46 Specifications	
Length (m)	4.65
Beam (m)	1.83
Number of people	5
Maximum power (hp)	30

Mercury Marine continuously explores means to improve the products it designs, manufactures and distributes. Changes to the specifications of its engines, boats and accessories are ongoing. Every effort is made to produce sales and service literature which is current. This brochure should not be regarded as a precise guide to the latest specifications. This brochure is also not an offer for sales of any particular engine, boat, or accessory. Distributors and dealers are not agents of Mercury Marine and they have no authority to bind Mercury Marine by any express undertaking or representation, including but not limited to representations of a product, sales, applications, or service nature.

Not all boats are available in all countries. Some boats shown in this catalogue are equipped with optional accessories. Please see with your local dealer.
